Programs fax: 907.269.4539

April 4, 2013

David Squibb, Chairperson
Point Baker Community Association
P.O. Box 31
Point Baker, Alaska 99927

Dear Mr.Squibb:

Unincorporated communities located in the unorganized borough having 25 or more people residing as a social unit are eligible to receive Community Revenue Sharing funds. An eligible non-profit organization may apply to receive these funds on behalf of the community and expend the available funds on any public purpose. The Division of Community and Regional Affairs (DCRA) relies upon population estimates prepared by the State Demographer at the Alaska Department of Labor and Workforce Development (ADOL&WD) as well as local census conducted by the local organizations.

The Point Baker Community Association conducted a head count census on June 1, 2011 that resulted in a population count of 25. They conducted a second head count census on March 25, 2011 which resulted in population count of 26. The July 1, 2012 population estimate from ADOL&WD was 20.

Based upon the information provided to the Division, I have made the determination that the July 2012 population of the unincorporated community of Point Baker is 26. Consequently, a population figure of 26 will be used for Point Baker by the Department of Commerce, Community, and Economic Development in the FY 2014 Community Revenue Sharing program.

If you have any questions concerning this determination or the Community Revenue Sharing program, please contact Brigitta Windisch-Cole, Research Analyst IV at (907) 269-4521 or Brigitta.Windisch-Cole@alaska.gov.

Sincerely,

Scott Ruby
Director
