November 25, 2016

To the Alcohol & Marijuana Control Office:

I strongly oppose this company " FAT TOPS, LLC " opening up a retail marijuana store facility and a standard Marijuana cultivation facility at 36380 Murray Lane, Soldotna, AK, 99669, UNITED STATES. License #11140 & License #11138 This company wants to set up a retail store and cultivation facility on the corner of Murray Lane & Sterling Highway. This intersection is also a school bus stop where young children wait for there school bus to pick them up & drop them off , to and from school every day – Monday – Friday, every week through the school year.

There is also an active church about 800 feet from the location of 36380 Murray Lane.

I feel this company, FAT TOPS, LLC can find another location where there are no children around waiting for school buses, and not near a church. There are plenty of vacant lots on the Sterling Highway, where there are NO BUS STOPS, or churches.

Respectfully
James W. Bergevin
