ALCOHOL MARIJUANA CONTROL OFFICE

This letter is about our small place in talkeetna, AK. we already have These mens Pot shop. and we are worried about our young people.

1- Mariguana is one of the most abused Drug in The World. and theres alot we don't know about The Recent History of Cannabis Plant.

2- mariguana contains The mind altering chemical T.hc. Regular use can be addictive and lead To derid behavior, particularly in young people.

2/3 - Regular use of Marijuana compromises the ability to organize and integrate who started to use Marijuana before the age of eighteen, when the Brains were still developing. be a 8-point decline in IQ Scores, also Drunking. California saw a 100% in fatal crashes. Colorado testing positive for Marijuana doubled between 2006-2010! (Pot shops).

4 - Smoke is harmful to lung tissue in hale deeper & hold.

How much do you people need to know, which you probably already know. What are we doing to our children? To many things against Pot smoking. This place: Physical address 38957 Commercial Dr is 500 feet from school land. Do we need The People of Talkeetna this place where they will make the Pot too? No its more then we wanted on main St — Now its making it — No we do not do need it! Please, I dont want our State like the others. have been proud to be a alaskan and now I wonder. thanks
