Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

What is this form?

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required $250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Enlighten Extractions, LLC	**MJ License #:**		21552	
License Type:	Marijuana Product Manufacturing Facility

Intended Use: Smokable/ edible/topical/wholesale/etc.	Topical		

Received by AMCO 11.12.20

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	The product will be a cream like oil substance ranging from light yellow to green in color. The product will be a soft, "scoop-able" texture. This product will have various scents and will be clearly labeled with the applicable scent and corresponding ingredients. The product is intended for use as a topical salve. Scents: Regenerate, Invigorate, Relieve, Soothe, Serenity, Soften, Cooling, Warming, Repair, Bliss, Rejoice, Tranquility, Rejuvenate, Comfort, Rest, Harmony, Energize, Peace, Revitalize, Refresh, Condition, Fortify, Recharge, Mend, Boost, Leisure, Unwind, Chill, Ease, Lounge.
Ingredients:	Macadamia nut oil, jojoba oil (scent dependent), tamanu oil (scent dependent), argan oil (scent dependent), candelilla wax (scent dependent), carnauba wax (scent dependent), berry wax (scent dependent), various herbal concentrates/powders/extracts (E.G. arnica, devils club, callendula, holy basil, ashwagandha, turmeric, horsetail, yarrow, skullcap, oats, lemon balm, passion flower, Rhodiola, valerian, kava, catnip, lavender, california poppy, rosemary, grapefruit, etc), menthol (scent dependent), rosehip oil (scent dependent), essential oils, vitamin E, salt (scent dependent), citric acid (scent dependent), cannabis bud and/or a previously approved cannabis concentrate.
Standard Production Procedure and Detailed Manufacturing Process:	The oils, waxes, and cannabis will be heated and mixed together until homogeneous. The herbal extracts will then be added to the mixture as it is cooling, followed by the essential oils. The product will then be portioned off into its packaging tin to be labeled and have a sample sent to the testing lab. The packages will then be set aside for wholesale until we receive batch specific test results. *If cannabis bud is used as the cannabis component, plant material will be strained off of the heated mixture prior to cooling*
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.
