I object to the manufacturing, cultivation and the retail marijuana store that you are wanting to put at 506 Merhar Ave., Fairbanks, AK 99701. This shopping center is a family-oriented center where families shop and eat.

Marijuana is still illegal under federal guidelines. Putting another marijuana store in a populated shopping area gives children the impression that marijuana is completely legal and it isn't. This is what I expected the marijuana community to do.

This facility can be put in an area where people don't take their families.

Sincerely,

Sheila Finch
