Ingredients:	
Standard Production Procedure and Detailed Manufacturing Process:	Using a closed loop system, marijuana is loaded into a tube and liquid butane is washed over it to remove THC crystals, cannabinoids and terpenes. It is then purged in a vacuum oven using heat and pressure to remove the butane solvent leaving only marijuana concentrate. Depending on the temperature and purging process used Herbal Dreams LLC will produce Shatter. **CBD from an approved Alaska Industrial Hemp source may be added during final production phase.**
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.
