Section 6 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520, 3 AAC 306.525, and 3 AAC 306.560.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Wax		
Product Type: Choose one.	Marijuana Concentrate		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	9 months
Intended Use: Smokable/ edible/topical/wholesale/etc.	Smokable and wholesale		

Product Description: Details must include the color, shape, and texture.	Wax has a malleable consistency that is pliable when handled and yellow to amber in color.
Ingredients:	N/A
Standard Production Procedure and Detailed Manufacturing Process:	Using a closed loop system, marijuana is loaded into a tube and liquid butane is washed over it to remove THC crystals, cannabinoids and terpenes. It is then purged in a vacuum oven using heat and pressure to remove the butane solvent leaving only marijuana concentrate. Depending on the temperature and purging process used Herbal Dreams will produce Wax. CBD from an approved Alaska Industrial Hemp source may be added during final production phase.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	W ax
Product Type:	Marijuana Concentrate

Packaging Description:
Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.

Wax will be packaged in .5, 1, 3, or 7 grams in clear or opaque glass or plastic containers with a thick base and solid black or white screw top lid and heat sealed in a mylar bag such as shown below, or similar.

Total amount of THC will range from 40 - 99%. The actual THC & CBD content will be listed on the label per the testing results and will not exceed 5600mg/THC per package when packaged for retail sales. Up to 5lbs of Wax may be stored in food grade containers for wholesale sales.

Example of packaging (or similar):

Sample Labels:
Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.
