Alaska Marijuana Control Board

Form MJ-15: Operating Plan Change

What is this form?

This operating plan change form is required for all marijuana establishment licensees seeking to change a licensed marijuana establishment's existing operating plan, as required by 3 AAC 306.100. With this form, a licensee may request changes to as much or as little as desired of Form MJ-01 and/or the corresponding operating plan supplemental for the establishment's license type. **The required $250 change fee may be made by check, cashier's check, or money order.**

Please complete and submit with this form the pages of Form MJ-01 and/or the corresponding operating plan supplemental that contain sections that you are requesting to change. **All fields must be completed of any page for which you are requesting changes** – upon board approval, the submitted pages will replace those currently on file. If your current, approved operating plan is on the original version of the forms, you may be required to complete and submit the new operating plan forms in their entirety.

The form(s) that I am requesting board approval to change is:

- ☐ **Form MJ-01:** Marijuana Establishment Operating Plan
- ☐ **Form MJ-03:** Retail Marijuana Store Operating Plan Supplemental
- ☐ **Form MJ-04:** Marijuana Cultivation Facility Operating Plan Supplemental
- ☑ **Form MJ-05:** Marijuana Product Manufacturing Facility Operating Plan Supplemental
- ☐ **Form MJ-06:** Marijuana Testing Facility Operating Plan Supplemental

This form must be completed and submitted to AMCO's main office prior to changing existing operations. The licensed establishment's operations may not be altered unless and until the director has given temporary approval or the Marijuana Control Board (MCB) has given final approval of the changes. Please note that licensees seeking to change operating plans for multiple licenses must submit a separate completed copy of this form for each license.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Top Hat Concentrates, LLC	**MJ License #:**	10271		
License Type:	Marijuana Product Manufacturing Facility				
Doing Business As:	Top Hat Concentrates, LLC				
Premises Address:	2315 Industrial Blvd				
City:	Juneau	**State:**	Alaska	**ZIP:**	99801

Received by AMCO 8.12.21. Payment 8.13.21

Form MJ-15: Operating Plan Change

Section 2 – Summary of Changes

Provide a summary of the changes for which you are requesting approval.

Top Hat Concentrates, LLC would like to add additional packaging options and CBD ,CBG, CBC, CBN from an approved Hemp Program source licensed in the State of Alaska as an optional ingredient to Top Hat Concentrates C02 Extracted Cannabis Oil

New packaging consists of a Vape cartridge with a Child-resistant, press fit mouth piece.

Product color indicator –
Red = Sativa
Purple = Indica
Green = Hybrid
(please see attached packaging example)

Section 3 – Declarations

Read each statement below, and then sign your initials in the corresponding box to the right: Initials

The proposed changes conform to all applicable public health, fire, and safety laws. [JN]

I understand that any temporary approval granted by the director is pending a final decision by the MCB; therefore, any investment I make, based upon temporary approval, is at my own risk. [JN]

As a marijuana establishment licensee, I declare under penalty of unsworn falsification that this form, including all accompanying schedules and statements, is true, correct, and complete.

Operating Plan Supplemental

Form MJ-05: Marijuana Product Manufacturing Facility

Section 4 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520 - 3 AAC 306.525 and 3 AAC 306.560, and identify how the proposed establishment will meet the listed requirements. **Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.**

Product Name:	Top Hat Concentrates CO2 Extracted Cannabis Oil
Type:	Vapor Cartridge Concentrate

Product Description: Details must include the color, shape, and texture.	Cannabis oil is clear to dark amber in color with a sticky fluid-like shape. Combined with state approved medium, .5 - 1 of material is then injected into vapor cartridges. Milligrams of THC vary based on THC content and amount of medium used. Milligrams and percentages of cannabinoids will be noted on all packaging.

Ingredients: This box is not applicable to marijuana concentrates	

Standard Production Procedure and Detailed Manufacturing Process:	Cannabis material is processed by the C02 botanical extraction machine to separate cannabinoids from plant material. Product is then winterized where it is combined with alcohol in a laboratory round bottom to further remove any plant material, and later placed in a vacuum oven to remove trace amounts of C02 and alcohol. Certain vapor cartridges will be combined with CBD, CBG, CBC, CBN from an approved Hemp Program source licensed in the State of Alaska and state specified medium defined in Sec. 3AAC.306.555

Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	*please see figures on the page below

Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.
Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Top Hat Concentrates Co2 Extracted Cannabis Oil
Product Type:	Vaporizer Cartridge

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	Grey cardboard with gold foil detail and window on the front panel. Measures 4" x 2" x .5". Box clearly displays net weight in grams and ounces (.5 grams / .018 ounces), required warning message, full test profile with all present cannabinoid percentages. Total THC will vary based on individual test results of the oil, but will be listed by % and mg, as shown on label. (THC will vary from 40-80%) Bottom of the box will contain labels with test results. Top Hat Concentrates vape cartridge is a child-resistant unit that has a press-fit mouth piece. Strains used in production will be indicated on the final packaging as follows: Orange - Sativa, Purple - Indica & Green - Hybrid

Sample Labels:
Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.

Attached are additional Top Hat Concentrates labels and packaging
