Re: Standard Marijuana Cultivation Facility #27777

Dear applicant,

The AMCO Office has reviewed the documents submitted for the proposed marijuana establishment license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **MJ-02 Premises Diagram**
  - All diagrams:
    - Some of the information is missing (cut off) from the diagrams (Legend, True North arrow, other wording, etc.). Please resubmit the diagrams so that all of the information is present.
    - It appears that the entire facility is the restricted access area (excluding the green non-restricted restrooms and mechanical room). If this is the case, on all the diagrams, please correct the red Restricted Access Area in the legend to say, Licensed Premises and Restricted Access Area.

- **MJ-04 Cultivation Supplemental**
  - Section 4.1: Please also provide the overall square footage (4080 sq. ft. + 1402 sq. ft. = 5482 total square footage).
  - Section 4.6: All proposed products must be on DEC's list of approved pesticides in the state of Alaska. I don't see Safer Brand 3-in-1 Concentrate II: EPA No. 59913-13 on the list of approved pesticides (attached to the email). Please correct me if I am mistaken, and/or correct this section accordingly.
  - Section 8.2: Saying, "All product transferred to 16511" does not suffice. My understanding is that you would be packaging the marijuana in wholesale packages to another cultivation facility, and all the requirements would still need to be met. You would checkmark "Yes", and provide a sample label, and provide more detail of the requirements in the box provided (similar to Section 8.2 of your MJ-04 for license #16511).

- **Applicant's Residency**
    - Jacob, I am not able to verify Alaska residency at the time that your application was reviewed due to technical issues. If you applied for the PFD, please submit documentation showing eligibility for the 2021 Permanent Fund Dividend. If you have not and do not intend to apply for the PFD, please let us know.

It is very important that you submit the above corrections and/or documents in a timely manner so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter.

Respectfully,

Jacqlene Drulis, Occupational Licensing Examiner
