To Whom It May Concern:

Stoney Moose Farms (#10657) did receive one Notice of Violation in the past year for delinquent tax payments to Department of Revenue. All taxes due to the state have since been paid, and the account with DOR is current.

The reason for the delinquent tax payments is access to the deposit center in Anchorage; there is only one drop box for all marijuana tax payments statewide, and it is located in Anchorage accessible between the hours of 9-4:30 M-F. This lack of access creates difficulties for operations not on the road system, and would be greatly relieved by a second payment drop box located in Juneau AK. Another alternative would be to make the drop box accessible 24/7 for marijuana tax payments.

Apologies for the delinquent payments, and thank you for your understanding.
