Made in Alaska — Buy the Bear!

Whether you are a visitor, a gift shop buyer, or a local or out-of-state consumer, be sure to **Buy the Bear!** You know you're buying a real Alaska product when you see the Made in Alaska emblem featuring a mother bear with a cub. From artwork to necklaces, craft brew to body care products, if it bears the label it's a certified Alaska product!

This information is current as of June 30, 2018. Additional information about the food and beverage producers must be verified and obtained by contacting the permit holder directly. Learn more about the Made in Alaska program at *MadeinAlaska.org* and on Facebook *#buythebear*.

Alaska Grown

The Alaska Grown symbol identifies top-quality food that has been grown and raised in Alaska. Look for it at grocery stores, farmer's markets, and restaurants. Products certified under the Alaska Grown AND the Made in Alaska program can also be found in this directory. Learn more about Alaska Grown at *buyalaskagrown.com* and Facebook *#dnr.alaskagrown*.
