Hello,
Please find attached form MJ-04 with cover page which has been updated by removing the products indicated in your letter from page 7 of that document.

Regarding the questions on MJ-01 and MJ-02. The live in caretaker on-site will be living in a separate building on the same lot, NOT within the licensed premises.

The cultivation facility is a one story building. The diagram that says "1st Floor Plan" is referring to that single story.

[redacted]

Please let me know if there are any other questions or issues with our application. I am presuming for the questions on forms MJ-01 and MJ-02 we don't need to re-submit the forms, just provide clarification. If you do need new forms with different wording, please tell me and I will get those to you.

Thank you,

Lacey Brooks

Re: Limited Marijuana Cultivation Facility license #30219

Dear applicant,

AMCO has reviewed the documents submitted for the proposed marijuana establishment license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **MJ-01 Operating Plan**
  - Page 2, 3.1, you state there will be a "live-in caretaker on site". Please clarify what this means, is the caretaker going to be living inside the proposed cultivation facility or in a separate building on the same lot? If this caretaker is going to be inside the cultivation facility, then your diagram needs to show this area.

- **MJ-02 Premises Diagram**
  - The general questions I have on your proposed marijuana cultivation facility is, is this a one-story building? It appears to be one-story but one of the diagrams says "1st Floor Plan" and I can read that two different ways.
  - Please go back to my question under MJ-01 regarding the living quarters of the caretaker.

- **MJ-04 Cultivation Supplemental**
  - the image below is from page 7 of MJ-04. In this list you provide, products Organocide 3-in-1 Garden Spray Concentrate and Organocide 3-in-1 Garden Spray Ready to Spray I cannot find them listed on the Alaska DEC-Pesticides list, therefore, they cannot be used on your marijuana crop. Please remove them from your in this box on the application. Here is a link to DEC's pesticide list https://dec.alaska.gov/eh/pest/cannabis/

- **Applicant's Residency**
  - This question is for each of you, Lacey, Don, Kylelle, and Dexter, will you be applying for the PFD this year? And if you are, is it possible you can apply now, and then let me know when you have. If you are not applying for the PFD this year, I need to know as well. Please do not send me personal identifiable information by email.

It is very important that you submit the above corrections and/or documents in a timely manner so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter. That deadline is May 8, 2022.
