RE: Conditional Interim Approval of Common Carrier Approval Registration for Alaska Northern Courier LLC Received 8/4/2025

Mr. Ward,

After review, I have decided to provide an interim approval of your common carrier approval registration dated August 4, 2025, with condition.

While I appreciate your consideration of what can be done if a package is non-deliverable, I will not approve the proposal of: "...the recipient may schedule a pickup at our Anchorage Main Hub." You are approved to deliver alcohol, and if the recipient is unavailable, attempt re-delivery.

If you would like to continue with the application to include the proposal referenced above, I would encourage you to present it to the Alcoholic Beverage Control Board at the September board meeting.

Sincerely,

Kevin Richard
Director
