Re: Retail Marijuana Store license #30107

Dear applicant,

AMCO has reviewed the documents submitted for the proposed marijuana establishment license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **MJ-02 Premises Diagram:**
  In the image below of your diagram. (1) the counter/table and glass display case that are in the restricted access area need to also be marked as restricted access area. (2) the red shelving and the blue glass display cases that are in the consumer area may not store marijuana; they can be display cases or shelves, but they cannot serve as a place where you store or stock extra product. The consumer side is not and should not be a restricted access area. (3) where do the doors go out to? The street/outside? Or where? Which is the entrance, and which is the exit? Please label them.

- **Food Permit Application**
  - If you have not, please file an application for a food safety permit for the establishment with Alaska Department of Environmental Conservation – Food Safety Program. Their email address is dec.fsspermit@alaska.gov . **I need a copy of that application once you have submitted it to them.**

It is very important that you submit the above corrections and/or documents in a timely manner so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter. That deadline is August 11, 2022.

Respectfully,

Jane P. Sawyer, Regulations Specialist
