Re: Marijuana Concentrate Manufacturing Facility license #28615

Dear applicant,

AMCO has reviewed the documents submitted for the proposed marijuana establishment license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **MJ-02 Premises Diagram**
  - **In the diagram below, please depict the equipment you will be using.**

- **In the diagram below, what does the green outline signify? Because the shop for this application is Shop 2. Please correct diagram accordingly, if necessary.**

- **MJ-05 Manufacturing Supplemental**

<u>Section 2 – Overview of Operations</u>

- Page 2; Section 3.1:
  - Will you be using other solvents other than ice and water, and other equipment you are not listing? The term "to include" implies it. You need to list all the solvents and equipment you will be using.

<u>Section 4 – Waste Disposal</u>

- Page 3; Section 4.2:
  - FYI: The three-day waiting period (3 AAC 306.740(c)(1)) is repealed effective October 16, 2022.
  - In this box, you state that you will be using growing media from the "proposed co-located cultivation", but as of today, that co-located cultivation does not exist, nor do you have an application for it in the queue. How is that going to affect your operating plan here?

<u>Section 6 – Proposed Marijuana Concentrates and Products</u>

- Product Name: Hash Spliff
  - Clarify on the description if the Half and the whole gram infused pre roll cones are 2 different sizes, when the products are being reviewed by enforcement, they will need to be sure of the available portions for each product

- **Entity Documents**
  - Limited Liability Company Agreement – is it possible for Jonathan Lovelace and Zallman Liston to sign the agreement? If so, please have them.

It is very important that you submit the above corrections and/or documents in a timely manner so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter. <u>That deadline is January 12, 2023.</u>

Respectfully,

Regina T. Cruz, Licensing Examiner
