Wildflowers application is deemed complete, correct?

Public notice was sent to the Muni on the date notated on MJ-08. Are you asking for another MJ-08 dated today because public notices were sent again to another department, identified only this week by AMCO at the muni? Please clarify.

Also, please identify what staff member is making these requests. There seems to be ongoing confusion as to who is doing what at AMCO.

Please clearly and specifically answer each question above to avoid any further confusion.

Thank you very much.
