Ms. Gribbin;

This MJ-08 is the exact same one that you originally submitted with your application except it was re-notarized. It does not show us you have notified the MOA recently as requested by us (in fact, as of yesterday according to the MOA you have not done so), it does not show that you have ever notified the community council (North Star). Therefore, the submittal of this re-notarized old MJ-08 is inadequate. It does not satisfy the requirement of notifying the local government and the community council.

Please notify the MOA and the North Star community council of your marijuana cultivation facility application. Once you have done that fill out a new MJ-08, have it notarized, and submit to us.

Thanks
