Good morning, Jana;

I have uploaded the corrections for this application. Thank you. Couple more things:

- Can you please make the change to MJ-05 (I can't do it for the applicant).
- The Operating Agreement for U.N.ME, LLC, Melissa Cervantes' signature; is this her hand signature or is it a stamp signature. I am asking because it just does not really look like what she has signed in front of notary.
- Division of Corporations has not updated their website with the changes. Please know that the director will not deem the application complete until the appropriate changes are reflected with Division of Corporations.

Finally, I just received confirmation from our enforcement section that Frank Berardi is an Alaska resident.

Thank you
Jane

AMCO Team – please see below and attached for our response to your Nov. 2, 2016 incomplete letter:

- MJ01 Opt Plan Page 16 (revised) and Page 18 (revised).
- Aerial view of building
- Diagram w legible labels
- MJ 05 Product Manufacturing – yes wax is supposed to say crumble.
- Attached Opt Agreement for UNME, LLC

- MJ 18 for Frank Berardi
- Mailed change of officials for FSE, Inc – the AK corporation commission should reflect the change shortly.
- Response to MJ02 question regarding MJ concentrate storage - The areas where marijuana and product will be stored are in the front half of the facility, which did not appear to be included in our original application. Area 9 contains product lockers for securing concentrates before they are sold. Area 10 contains desiccation racks and shelving for storing marijuana yet to be processed.

Please let us know if you need anything else to deem this application complete – thank you for your hard work!
