Re: Marijuana Concentrate Manufacturing Facility #27520

Dear applicant,

The AMCO Office has reviewed the documents submitted for the proposed marijuana establishment license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **MJ-02 Premises Diagram**
  - Diagrams 1, 2, & 5, Second Floor: Please show/label the restricted access area and the storage area for the concentrate manufacturing license.

- **MJ-05 Manufacturing Supplemental Products**
  - Crumble: Please include the THC range in the Packaging Description.
  - Diamonds: Please include the THC range in the Packaging Description.
  - Concentrate-Enhanced Buds, Cigar, & Joints: My understanding is that these 3 products would be considered marijuana products, not marijuana concentrates, and could only be produced by a Marijuana Product Manufacturing Facility. Please correct me if I am mistaken.
  - Tincture: The Intended Use field says, "Wholesale" and Production Procedure says, "in-house and wholesale", but the Packaging Description discusses wholesale, in-house, and 2oz bottles sold directly to the public. Please correct me if I am mistaken, but I am under the impression that the 2oz bottle sold directly to the public would be considered an edible marijuana product. If so, it could only be packaged for sale directly to the public by a Marijuana Product Manufacturing Facility.

- **Proof of Possession for Proposed Premises**
  - Since the Master Lease only discusses Units A, B, C, & D, please accordingly incorporate Units E and F into the Master Lease.
  - The Master Lease must include the following:

        - A disclaimer that the landlord/lessor will not take possession of or remove marijuana from the premises, and that AMCO will be contacted in the event that this is necessary.
    - Please correct the address on page 4 of the Sublease from 73280 to 43280.

- **Applicant's Residency**
    - Jenny, Toby, Robb, and John, I am not able to verify Alaska residency at the time that your application was reviewed due to technical issues. If you applied for the PFD, please submit documentation showing eligibility for the 2021 Permanent Fund Dividend. If you have not and do not intend to apply for the PFD, please let us know.

It is very important that you submit the above corrections and/or documents in a timely manner so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter.

Respectfully,
