Subject: 12253 AK O Farms, LLC license #12253 Corrections Follow Up
Date: Monday, September 25, 2017 8:53:00 AM

Good morning,

I received your corrections, and they appear to be in order.

The following is what I am still waiting on:

- **MJ-02 Premises Diagram**
  - Please provide and aerial view diagram/map that clearly shows the proposed premises and what surrounds it (what buildings, business, etc). Please label it clearly.

- **Proof of Possession for Proposed Premises**
  - The document you submitted as proof of possession of the premises is inadequate. Who owns the property? We need proof that AKO Farms, LLC has the right to the proposed premises whether that is a Warranty Deed or a legally binding lease. Either document must reflect the physical address of the proposed premises, not just the legal description. If a lease is executed the lease must include the following:
    - An acknowledgment from the landlord that the premises will be used for a marijuana establishment, and
    - A disclaimer that in case of default the landlord will not remove or take possession of marijuana and AMCO will be notified (this is usually under "Default" section of the lease).

- **Entity Documents**

  Please provide the LLC's Operating Agreement.

Please note that this email does not extend the deadline by which this application must be complete (12/01/2017).

Thank you
