Operating Plan Supplemental
Form MJ-28b: Onsite Consumption Marijuana Retail Endorsement

Why is this form needed?

An operating plan supplemental form is required for all retail marijuana establishments seeking an onsite consumption endorsement. Applicants should review **Alaska Regulation 306.370.** This form will be used to document how an applicant intends to meet the requirements of the regulation.

What must be covered in this operating plan supplemental?

Applicants must identify how the proposed onsite consumption premises will comply with applicable statutes and regulations regarding the following:

- Security [in addition to what is required for a retail store].
- Ventilation [if consumption by inhalation is to be permitted].
- Monitoring overconsumption.
- Disposal or packaging of unconsumed marijuana.
- Prevention of the introduction of marijuana products not sold by the retail marijuana store or products not sold for onsite consumption.

This form must be completed and submitted to AMCO's Anchorage office before any new onsite consumption endorsement application will be considered complete.

Form MJ-28b: Onsite Consumption Endorsement Operating Plan

Section 1 – Freestanding

Freestanding Licensed Retail Store (3 AAC 306.370(a) and AS 18.35.301(i)(1))

Please read the definition of "Freestanding" as defined in AS 18.35.301(i)(1) below-

"freestanding" means a building that is not supported by another structure and does not share ventilation or internal air space with an adjoining structure and smoke from the building cannot travel into the adjoining structure.

You must be able to certify the statements below. Read the following and then sign your initials in the box to the right: Initials

1.1- I certify that the location for which I am requesting this endorsement is "freestanding" as defined by AS 18.35.301(i)(1). [ML]

1.2- I certify that I have attached to this operating plan a photo of each side of the exterior of my building that show it meets the definition of "freestanding." [ML]

Section 2 – Security

Security (3 AAC 306.370(d)(1)(A)) and 3 AAC 306.370 (c)(1)

2.1. Describe the equipment in place (doors and locks) that will provide security for your consumption space, including access points and windows:

Country Cannabis' consumption space will be located on the second floor of the retail store and equipped with a 24-hour monitoring system and video surveillance to maintain the security of the consumption space. Access to the consumption space is limited to authorized individuals through a controlled access point at the stairway and at the elevator. The designated access points are continuously monitored and access will only be granted to customers that want to enter the second floor consumption space. During operating hours, Country Cannabis' staff member(s) and management will continuously monitor these entry points to ensure a safe and secure space for customers to enjoy edible cannabis products in the designated on-site consumption area. Country Cannabis will regularly monitor and update their security protocols to meet and exceed best industry practices and ensure compliance with AMCO regulations with focus on prioritizing the safety and integrity of the consumption space.

2.2. Describe how you will prevent diversion of marijuana and marijuana product from your consumption area:

Country Cannabis will implement a security and anti-diversion plan that will encompass training, surveillance and mandated standard operation protocols. All employees will be taught about methods of inversion, diversion, and hot to detect them. Employees will be trained in the company's standard operating procedures for handling marijuana products including the label tags placed on every package sold and intended in/for the consumption area and how to ensure they are in the database inventory. All marijuana products will be securely stored in the restricted access area of the second floor onsite consumption area. Customers will not be able to access those products unless purchased through a County Cannabis employee. Customers wishing to purchase marijuana products to consume in the consumption area will do so from the second floor consumption area point of sale. Only marijuana products intended for onsite consumption will be available in the consumption area. Country Cannabis may offer non-marijuana products as well in the consumption area. Country Cannabis will utilize particular stickers or color coded packaging that will allow an employee to easily recognize marijuana products that were purchased in the consumption area and marijuana or marijuana products that were not. All marijuana products that are left by customers in the consumption area will be quickly cleaned up and disposed of in a manner that is compliant with AMCO regulations.

2.3. Describe how you will prevent access by persons under the age of 21 to your consumption area:

Country Cannabis will prominently display a sign at/on each entry door to the cannabis consumption area that states "No one under the age of 21 is allowed". The sign will be not less than 12 inches long and 12 inches wide, with letters at least one-half inch in height in high contrast to the background of the sign, in accordance with the AMCO regulations. When a customer enters the Country Cannabis retail store, they will be greeted by a trained staff member who will ask for each person's photo ID. The only forms of valid government-issued photo IDs are unexpired, unaltered passports; unexpired, unaltered driver's licenses, instructional permits, and ID cards from any U.S. state or territory, the District of Columbia, or a Canadian province; and ID cards issued by a federal or state agency authorized to issue driver's licenses or ID cards and a tribal identification card, issued by a federally recognized tribe that has a photograph, signature, date of birth and security feature as identified by AS 28.15.111(a)(4). Once Country Cannabis' staff has concluded that each person is 21 or older and has a valid photo ID, they will be granted access to the consumption area. If an employee of Country Cannabis is not readily available, the customer will wait at the staircase or elevator until each person's ID can be checked. Once the customer is inside the consumption area, a staff member will be present to assist the customer.

2.4. Describe how the consumption area shall be isolated from the other areas of the retail marijuana store:

The consumption area will be located on the second floor, accessible from the retail store and accessed by a staircase and an elevator, located within the retail store. Country Cannabis' employees will be stationed on the retail sales floor near the staircase and elevator and at the top of the staircase in the consumption area to ensure that only authorized individuals, complying with legal age and identification requirements can access the retail store and onsite consumption area. Clear signage further delineates the boundaries and adhering to the guidelines set by the AMCO regulations while providing a secure and controlled environment for responsible marijuana consumption. During hours in which the consumption area is not open, the space will be closed with clear "Do Not Enter" signage displayed at access points.

You must be able to certify the statement below. Read the following and then sign your initials in the box to the right:	Initials

3.2 Signed and approved by a licensed mechanical engineer.	
3.3 Sufficient to remove visible smoke.	
3.4 Consistent with all applicable building codes and ordinances.	

Section 4 – Overconsumption

Monitoring Overconsumption (3 AAC 306.370(d)(1)(C))

4.1. Describe the policies and procedures that will be used to monitor overconsumption of marijuana or marijuana product:

Country Cannabis will implement policies and procedures to actively monitor and prevent overconsumption of marijuana products within the designated consumption area, aligning with the AMCO regulations. Staff will be trained within the area with additional training on recognizing signs of overconsumption and to intervene as needed. Educational materials and visible signage throughout the space informs patrons regarding responsible marijuana use and potential effects of overconsumption. Serving size limitations are strictly adhered to with employees monitoring and controlling product dispensing. Designated time limits may be imposed. Transportation options will be provided to assist consumers and contribute to a responsible consumption environment. Emergency response protocols will be in place to address adverse reactions promptly and ongoing collaboration with local authorities ensuring a commitment to the safety and well-being of patrons. Collectively, these measures reflect Country Cannabis' dedication to providing a secure, compliant and responsible environment for marijuana product consumption.

Section 5 – Repackaging or Disposal

Repackaging or Disposal (3 AAC 306.370(d)(1)(D))

5.1. Describe how you will dispose of or repackage unconsumed marijuana or marijuana product in accordance with 3AAC 306.740 and 3AAC 306.345:

If a customer does not consume their onsite consumption purchased products, and if in sell-able condition, an employee will carefully repackage products in accordance with 3 AAC 306.345. Re packaging is conducted in a designated area by trained employees to maintain compliance with health and safety standards. For products that cannot be repackaged or sold, Country Cannabis will follow a secure disposal procedure, adhering to the guidelines of 3 AAC 306.740 which involves rendering the products unusable and unrecognizable before disposal to prevent any potential misuse. Management will maintain a log on the status of all marijuana waste, tracking the type, date of disposal, date it was rendered unusable, and the date that it was picked up by the waste disposal company. The final mixture will be securely stored in locked containers inside the licensed premises before being taken to the locked dumpster for third party contracted waste pick up and disposal. The dumpster will be under 24-hour continuous video monitoring.

Section 6 – Prevention of Introduction

Prevention of Introduction (3 AAC 306.370(d)(1)(E))

6.1. Describe your policies and procedures to ensure marijuana from a source other than your retail marijuana store is not introduced to your consumption area:

Country Cannabis adheres to stringent policies and procedures to prevent the introduction of marijuana from sources other than purchases made in the consumption are, ensuring compliance with 3 AAC 306.370. Country Cannabis will prominently display a sign at/on each entry door to the cannabis consumption area that states, "Only cannabis products purchased from Country Cannabis License #40360 are allowed at this location". Country Cannabis will ensure that, at the time of purchase, the employee assisting the customer in the retail area that if they intend to utilize the onsite consumption area, that only products purchased from the consumption area are allowed to be consumed in the consumption area and inform the customer of the strict store policy outlining the enforcement that no outside marijuana products may be consumed in the consumption area and the reprecussions that will be enforced if the customer does not comply. If Country Cannabis finds that a customer attempts to consume marijuana from a source other than the products purchased from the consumption area, a Country Cannabis employee will ask the customer to leave the facility and store any marijuana product that they have on them in their vehicle or dispose of it prior to completing the transaction. Country Cannabis' employees will be diligent and pay close attention to make sure that only products purchased for onsite consumption are consumed in the consumption area and to differentiate from the non-consumption area. Country Cannabis will utilize stickers or color coded packaging that will allow an employee to easily decipher marijuana products purchased in the consumption area.

6.2 Describe your policies and procedures to ensure that marijuana from your retail marijuana store that is not intended for onsite consumption is not introduced into your consumption area:

Country Cannabis will enforce strict policies to prevent the introduction of marijuana from its retail store designated for offsite consumption into the dedicated onsite consumption area, ensuring compliance with 3 AAC 306.370. Country Cannabis will prominently display a sign at each entry point to the cannabis consumption area, informing guests and customers of the product type and quantity restrictions. The retail store maintains clear product categorization, separate storage facilities with access controls and rigorous employee training to distinguish between products intended for onsite and offsite use. Advanced inventory management systems and regular audits verify the accuracy of product categorization and storage. Collaboration with regulatory authorities remains a priority with prompt reporting and full cooperation in the event of any discrepancies or suspected irregularities. Country Cannabis' commitment to these measures reflects ongoing efforts to align with AMCO regulations and uphold industry standards.
