We received a letter from Matthew and Tammy Seidler, owners of Tempt LLC advising us that they are applying for a Standard Marijuana Cultivation Facility License #11091 at 2410 E 88th Ave. Anchorage, AK 99507. Our driving school location is right next door at 2440 E 88th Ave Ste. B, Anchorage, AK 99507. We are a licensed School under the State of Alaska; therefore, we object to a Marijuana Cultivation Facility being located next door to a Driving School.

We have been in business since 1991 and at our current location for 14 years since August 01, 2002. We do not have plans on relocating our office/classroom. We teach children from ages 14 on up how to drive. We have a contract with the Anchorage School District as a vendor to teach Driver Education to Charter School students. We hold our 8-hour Defensive Driving classroom session on Sundays at our facility at the above address; otherwise, the student is in the vehicle on the road with an instructor. One day each week they are practicing parallel parking in the parking lot and on another day taking a State Road Exam from our location. We also are a third-party contractor for State of Alaska Road Exams and provide them every Friday to the general-public.

Per the Alaska Administrative Code 3AAC 306.010 (a) the board will not issue a marijuana establishment license if the licensed premises will be located within 500 feet of a school ground etc. Attached is a photo from Google showing the positions of both businesses.

Sincerely

Raymond W Hysom and Leslie G. Hysom
