The only sublease we have is the original lease that was inadequate (please refer to the original incomplete letter regarding this). Regarding the master lease; if you are referring to the ineligible copy of the master lease we told you in our in-person meeting needed to be resubmitted because we could not read it, it is also inadequate. Other than that we never received any other Proof of Possession for the Proposed Premises.

Thank you

Question regarding proof of possession of premises. Other than the lease and sublease in your possession, what other documents are required by statute for proof of possession?

Thank you.

The answer given on the cover sheet submitted with corrections regarding this of "*Wildflowers has adopted approved publicly posted applications into its own P & P*" does not answer the question. Therefore MJ-01 still incomplete.

Proposed Premises as requested on the very original incomplete letter dated 7/18/16, and on the email below.

The deadline to submit corrections/documents/amendments, that must be 100% complete and accurate, to be considered for the September meeting is COB tomorrow 8/24/16.

Thank you

Good morning;

We received your corrections and have been uploaded.

Items remaining to be submitted from the incomplete letter sent to you 7/18/16:

- Proof of Possession of Proposed Premises

Items that need to be addressed in response to your corrections submitted:

- MJ-01 Operating Plan
  - Entire page 12 and 13; based on the answers given on this page, you do not have adequate waste disposal procedures. Per 3 AAC 306.020(c) a marijuana establishment license application must include the applicant's operating plan....for.... (4) waste disposal. 3 AAC 306.740 further addresses waste disposal. Please re-read the regulations and resubmit this page clearly stating your waste disposal procedures.

- Page 15, second box; please re-read the question and provide an answer that is relatable to the question being asked.

- MJ-04 Cultivator Supplemental
  - Page 4; . Per 3 AAC 306.020(c) a marijuana establishment license application must include the applicant's operating plan….for…. (4) waste disposal. 3 AAC 306.740 further addresses waste disposal. Please re-read the regulations and resubmit this page clearly stating your waste disposal procedures.

Thank you,
