- **Application in general**
    - The lease to Green Elephant, LLC is very specific as to what portion of the commercial building is being leased to this entity. This requires for the leased area to have a designated unit/suite number. Please let us know what the unit/suite number the landlord will designate to the licensed area so we can update the premises address and you can correct your application accordingly. This includes re-advertising with the unit number, notifying the public, updating the first page of every MJ application, updating the lease, etc.
