Good afternoon, James;

We received and have uploaded your corrections. Thank you.

I just need clarification in a couple more things:

On page 5 of the diagram is it possible that you can outline in red or a different color to make really clear what the proposed licensed premises is? From reviewing all of your pages I think "Building A" is the only area that will be the licensed premises, correct?

The office where you are going to have the video surveillance is going to be in your home, but your home will not be part of the licensed premises, correct? Hence your answer of "yes" to the question of the surveillance recording being off-site on MJ-01, correct?

As for the lease, do you own the property? Or are there two James Strassburg? I see the property tax bill, but when I saw the lease it confused me. So I just want to make sure that if you own the property all you need is the tax bill since this application is filed as a sole proprietor, if there are two persons with the same name, for example, a Sr. and Jr. and you are the Jr. then we would need a commercial lease where the applicant, not the DBA, is the lessee/tenant.

Thank you
