Re: Retail Marijuana Store #10901

Dear applicant,

The AMCO Office is reviewing the documents submitted for the proposed marijuana establishment license referenced above. The following items need to be corrected and/or resubmitted. **All corrections/additions to any form(s) must be initialed by the proposed licensee.**

- There is another application (10641) that was initiated back in June 2016 by you with a different company name. This application (10641) needs to be voided since it has been over 90 days that this was initiated and because application 10901 is for the same premises. Please confirm that you read this.

- **General questions/concerns:**

  - Please call the examiner working on your application (Jane) to clarify some things regarding the "juice bar". The marijuana establishment needs to have a designated unit number and physically be separated it from the "juice bar". More corrections will be needed once this "juice bar" issue is figured out.

- **MJ-01 Operating Plan**

  - Page 12-firs box: please expand upon your answer and explain how you will manage and dispose of any liquid waste.
  - Page 15-both boxes: this page needs to include a description on how the retail marijuana store will prepare, package, and secure marijuana or marijuana products for shipment, and the type of locked, safe, and secure storage compartments the retail marijuana store will use in any vehicle transporting marijuana or marijuana product. The answers you have here are good in the sense that you are assuring that the cultivation facility is following the rules, but you need to show how your establishment will follow those rules, too.
  - Page 16-FYI: Signs that you plan to have outside such as your logo sings with business name may only be attached to the outside of the licensed premises.

- **MJ-02 Premises Diagram**
    - Please provide an aerial view of the premises clearly showing the proposed premises and surrounding buildings.
    - Is the "juice bar" shown on this diagram?
    - You will need to designate a unit number for the marijuana establishment separating the marijuana establishment from the "juice bar".
    - Many questions arise from this "juice bar".
    - What is the unshaded counter-like section on your diagram.

- **Proof of Possession for Proposed Premises**
    - On section 3-Use of the Premises: *"Tenant will sublease some space to an affiliate for operation as a juice bar".* Questions regarding this:
        - In what sense is this person an affiliate?
        - Does this person have a direct or indirect financial interest in the marijuana business?
        - Are you proposing it to be part of the retail store?
        - What is your intent regarding this "juice bar".

- **MJ-18 Applicant Residency Verification**
    - We were unable to verify Dan Franklin Nelson Jr's Alaska residency through the Permanent Fund Dividend's database. Please fill out the attached MJ-18 Applicant Residency Verification and submit it with any backup documentation. It will be forwarded straight to our enforcement section for investigation.

If we do not receive your completions within 90 days, per 3 AAC 306.025(f), you must file a new application and pay a new fee.

Sincerely,

Sara Chambers, Interim Director
