INTRODUCTION

Every two months, the Division of Community and Regional Affairs (DCRA) publishes *Lien Watch*, a report of liens held against public service entities in small communities. The purpose of *Lien Watch* is to identify community entities struggling with cash flow or management issues, as indicated by active tax liens or court-related debts. DCRA uses this report to identify communities that may need technical assistance to build local utility management capacity in rural Alaska. All records in this report are in the public domain and may be found at: <http://dnr.alaska.gov/ssd/recoff/searchRO.cfm>.

This report lists unresolved state and federal tax liens and court judgments levied against municipal, tribal, and utility entities in communities with less than 2,500 people. *Lien Watch* includes active lien items within the timeframe of each report period. Information in this report is based on public domain lien data from September 1, 2014 to October 31, 2014, extracted from the records of the Alaska Department of Natural Resources (DNR) Recorder's Office. A single organization may have lien items filed under multiple names. For this report, liens have been standardized under the most representative name. Liens unrelated to public service entities are excluded, as are liens issued to independent subsidiaries of tribal or community entities or for-profit private corporations. To verify the validity of a particular lien, contact the entity listed or the agency that filed the document.

DATA LIMITATIONS

The data collected from the DNR Recorder's Office have specific limitations. Data only represent debts for which liens have been issued, and the recording of claims and releases may not be current due to reporting or recording delays. Such delays may lead to significant differences between the amount of reported and actual lien-related debt load.

The search capacity of the Recorder's Office database is limited. Keyword searches are limited to matches that begin with the term entered, while wildcard searches are prohibited. Consequently, records that include misspellings, have an unexpected word order, or lack information, may be unintentionally omitted from this report. Finally, real property liens are omitted from this report. Since 2010, DCRA has received data of new filings of liens and their releases from the DNR Recorder's Office.

LIENS ISSUED AND RELEASED

The records compiled through October 31, 2014, list 212 individual active lien items connected with 40 city, tribal, and utility entities in 39 communities across Alaska. Current lien totals for an entity range from \$466 to \$2,664,601, with a median entity debt load of \$29,460 and an average of \$172,597. Twenty-three (58 percent) of these 40 lien-holding entities owe more than \$20,000. Eight entities (20 percent) owe more than \$100,000, and three entities (8 percent) owe more than \$1 million.

Figure 1. Number of Active Liens over Time

The number of new lien items recorded in September and October of 2014 is 17, which is 8 more than those that were recorded during the same period in 2013. The number of liens released in September and October of 2014 is 43, which is 27 more than those that were released during the same period in 2013. Figure 1 shows the change in the number of active liens since January 2010. The following three tables list liens issued, liens released, and all outstanding liens as of October 31, 2014.

APPENDIX: LIEN DESCRIPTIONS

State Tax Liens:

- **Alaska Employment Security Tax (Alaska EST)** - Taxes collected by the State of Alaska, Department of Labor and Workforce Development to support the Unemployment Insurance Program.

Federal Tax Liens:

- **IRS 6721** - Refers to the portion of the Internal Revenue Code authorizing the IRS to penalize employers for providing false or incomplete information on an information return, such as a wage statement, filed with the IRS.
- **IRS 6723** - Refers to the portion of the Internal Revenue Code authorizing the IRS to penalize employers for failure to comply with a specified information reporting requirement within a specified time frame.
- **IRS 730** - Taxes owed to the IRS by organizations that accept wagers from others, conduct wagers on the behalf of others, or operate betting pools.
- **IRS 940** - Taxes owed to the IRS based on the federally mandated employer contributions under the Federal Unemployment Tax Act (FUTA).
- **IRS 941** - Taxes owed to the IRS based on employee withholdings relating to federal income, social security, and Medicare taxes.
- **IRS 990** - Taxes filed by nonprofit organizations and owed to the IRS based on failure to comply within a specified time frame.
- **Occupational Tax** - The occupational tax is imposed on those who receive wagers that are subject to tax. The tax applies to persons receiving taxable wagers, whether they receive compensation or are volunteers.

Court-Ordered Liens:

- **Default Judgment** - Judgment entered against a party who has failed to defend against a claim that has been brought by another party.
- **Final Judgment** - Judgment which leaves nothing open to further dispute and sets at rest cause of action between parties. A judgment is considered “final” and thus appealable only if it determines the rights of the parties and disposes of all of the issues involved so that no further action will be necessary in order to determine the entire controversy.
- **Hospital's, Physician's, and Nurse's Lien** - An operator of a hospital in the state, a licensed special nurse in a hospital, or a physician who furnishes service to a person who has a traumatic injury has a lien upon any sum awarded to the injured person by judgment, settlement, or compromise.
- **Judgment on Confession** - Judgment entered where the defendant confessed action. The act of a debtor in permitting judgment to be entered against him by his creditor for a stipulated sum. In Alaska, a confession judgment can be entered before or after the commencement of action in Superior Court.
