Are you objecting to a specific application or is this just a comment for the marijuana control board?

Thanks

Please consider keeping Pot Shops out of Talkeetna.
Our tiny historical,unincorporated town,has 250 children in local schools,and welcomes 1,000 tourist visitors a day in summer.
While trying to respect changes in the state laws,and the majority vote to legalize marijuana,it is a bad fit for our community,whose Main Street is only about 300 feet long.With-out a police force of our own,and the state of Alaska in no position to offer more of a state Trooper presence,and this town of 300 residents also seeing the effects of heroin and related burglary.It's the wrong time and place,to send the message from main street Talkeetna,to the residents,tourists,and our children,that this is a wonderful place to buy Marijuana.
While Anchorage has several shops to serve over 180,000 residents,it's a shame to think we need Marijuana on main street,and of course their is no place to consume legally,or out of sight of our children.And any rules or laws of consumption are unenforceable with an absent police force.
Can't we try to keep it on the highway,and away from our schools and parks?
Must we all suffer more hard lessons about living in an unincorporated town?
Thank you for your consideration.
Bill Germain
