David,

I'm sorry, I just realized that burning marijuana waste is not allowed at this time per the MCB. Can you please remove the sentence that refers to burning waste on page 13 of MJ-01 and email just that page or drop it off?

Sorry about that, I wasn't aware until after I had sent the other email.

Thank you,
AMCO Staff

Hello,

Please read the attached letter regarding your complete marijuana license application.

Please note that the AMCO Staff has a question for the board regarding the signatures on the lease and amendment to the lease as it appears they do not match. The board will decide what action to take on this matter.

Thank you,
AMCO Staff
