RE: Response to Objections Filed as to License No. 10086: Terra House, LLC.

Dear AMCO:

My name is Michael Lowry, and I am writing in response to the letters of opposition lodged against Terra House, LLC (License No. 10086). I have reviewed 3 AAC 306 in its entirety along with my attorney, and I have found no legal reason not to proceed with my business plan.

The objection lodged by Mr. Travis Mccullough is one soaked in personal opinion and not legal argument or legal justification. While I can appreciate his concerns, I can dismiss them easily because nothing in my business plan is contrary to the laws of the state in which we live or those established by AMCO. Mr. Mccullough would like the board to think that I am somehow personally responsible for the past issues with illegal activity in the area. I do not engage in illegal or illicit behavior, and the placement of my proposed business does nothing to encourage crime in the surrounding area. In fact, it will reduce crime around where we live based on the number of surveillance cameras installed inside and outside of the proposed premises including perimeter alarms as required. I would not have come this far in the process if I did not intend to fully comply all regulations placed upon the industry.

I would also like to point out that the Gas Well area of Kalifornsky Beach is not alone in the fact that illicit activity takes place. Crime is regrettably everywhere. We cannot stop it, but we hope to reduce it. It is, unfortunately part of our daily life which is why robust security measures are a requirement for licensing, safety and security within this industry. I feel that co-locating a limited cultivation facility at my place of residence, is proper under the cultivation laws that are in place to allow what I have proposed.

It is my further belief that the letter authored by Mr. Daniel James Mahr should not be considered by the board. First, Mr. Mahr offers no proof that he is a resident of the Kenai Peninsula, or the State of Alaska. In fact, the e-mail address used to lodge his complaint is registered through the domain of a college in Virginia. I feel that Mr. Mahr's comments could have been made about the industry as a whole, and not necessarily directed specifically at my business. His attacks are not justified, warranted nor appreciated. They are simply his opinions. He states no legal basis that would foreclose my plans to run a limited cultivation facility.

I do all I can to be a good neighbor and have good relations with all those around me. I foster good relations with my neighbors and intend to keep doing so. It is unfortunate that the two above named individuals did not take the time to contact me, speak with me, or discuss their personal concerns prior to submitting what I believe to be unfounded objections.

Thank you for taking the time to consider my response to these objections. Should you have any questions, please do not hesitate to contact me.

Sincerely Yours,

Michael Lowry
