Alaska Alcoholic Beverage Control Board

Form AB-29: Waiver of Operation Application

Why is this form needed?

This form is the means by which a licensee may request that the Alcoholic Beverage Control (ABC) Board waive the operating requirement of AS 04.11.330(a)(3) or (d). If a recreational site license has not been operated at least once in a calendar year, or if a license of any other type has not been operated for at least 240 hours in each calendar year, then a complete copy of this form and the corresponding fees must be submitted for that calendar year, per 3 AAC 304.170.

This application must be accompanied by a non-refundable waiver application fee of:

- **for a 1st request, an amount equal to ½ the applicable biennial license fee; or**
- **for a 2nd or subsequent request, double the amount of the fee paid for the previous waiver application.**

The ABC Board will determine whether, through no fault of the licensee or because the premises are under construction, the licensed premises count not be operated for the required time during the calendar year. The ABC Board may impose conditions along with the approval of an application for waiver, and it may deny a third or subsequent application for waiver. If an application for waiver is denied, an application for license renewal for the succeeding license period will be denied by the Board. In addition to the waiver application fee, the applicant must pay a late fee of $1,000 for an application that is received too late for Board consideration at its meeting before November 30 of the year for which the waiver is requested. Please check AMCO's website for meeting agenda deadlines.

Please note that a licensee must submit a separate completed copy of this form and pay a separate corresponding fee for each license and for each calendar year during which a license was not operated in compliance with AS 04.11.330.

Alaska Alcoholic Beverage Control Board

Form AB-29: Waiver of Operation Application

Section 3 – Reason for Non-operation

Provide an explanation as to why the licensed premises were not operated:

The licensed premises has not been in operation due to unforeseen issues with the construction of the brewery. Construction began during or about May of 2020, and faced delays due to the COVID-19 pandemic. The licensee began working with a new contractor following a breakdown in the relationship with the former builder. During the summer of 2023, the current contractor discovered issues with the previous builder's work on the project requiring the foundation to be substantially reconstructed. The need for this work to be re-completed has further delayed the construction of the brewery and increased the overall cost. The licensee is working with the SBA to obtain approval for financing to continue the project. Northrim Bank has represented that the project will be able to continue in May of 2024, delaying the brewery's opening until the Spring of 2025.
