Hello, Paul;

We have uploaded your corrections except one:

MJ01, page 12, first box; what do you mean by solid waste "will be removed daily". Is this already counting the three-day waiting period in which you need to notify the board via the tracking system that you are making solid waste unusable and disposing of it? I know you are saying that solid waste is going to be stored on-site, but in what? Please address these questions on the first box of page 12 of MJ01.

Thank you
AMCO Staff
