Dear Mark Bailey and Erika McConnell,

Here are the corrections to our AMCO application:

1. Online Application
   - Mike and Pamela will not be included on the licenses and should be removed as affiliates from Emerald City Organics, LLC application.
   - Our business is not connected in any way to the businesses you mentioned in Colorado or Washington. Emerald City Organics, LLC is independently owned by Jay Murray and Nathan Allton and do not have affiliation to businesses outside of Alaska.
   - We are in the Tanaina Community Council in the Matanuska Susitna Borough. While we were submitting our conditional use permit the Mat-Su Borough staff said we were in the Fishhook Council, which was a mistake.
2. Application Certification
   - Resubmitted Application Certifications
3. Operating Plan
   - Resubmitted documents with corrections and additional pages
