Business License Number: 1053901
Doing Business As: Down To Earth Farms
Applicant's E-MAIL: lynnreich@hotmail.com
My Contact E-MAIL: adermans@mtaonline.net

I object to this application for marijuana license for the following reasons:

1) I live in a quiet residential area occupied by working people, children, and retirees, a non-business area.
2) I am very concerned that to allow this application would disrupt our quiet area with outside nuisance traffic at all hours of the day or night.
3) Increased traffic will be a hazard to children playing in our area.
4) With increase unknown traffic, it would be easier for criminals to survey properties with the intention of break-ins.
5) It would require additional Borough funds to adequately enforce Article 17codes.
6) Property values would decrease.
7) Our streets are not paved the increased traffic would create a health issue (dust/asthma/allergy environment).
8) We are located in a remote area where timely response to a crime in progress by police is not possible.
9) In the event of a shooting crime to steal the marijuana innocent neighbors would be in danger. Murders over drugs have occurred in our area in the past.
10) Finally, if this application is allowed, I would be afraid to live near the residence growing marijuana.
