Subject: "Objection to Specific Application"
Date: Sunday, June 25, 2017 11:59:08 PM

To all concerned parties,

This is a formal objection to the application License Number 13299 and Doing Business As: "Down to Earth Farms", Business License Number 1053901...following protocol as stated in Alaska statute 3 AAC 306.065.

My contact email is: saylahbear@gmail.com

I am writing to formally object to the provision of a license for a "Marijuana Cultivation Facility" in our quiet residential area, just a few houses from my own residence.

I am concerned about the increased traffic, potential noise from traffic and deliveries, as well as my greatest concern: the potential devaluation of home prices in the area.

I am not in favor of this license being granted, and feel strongly there are more appropriate locations for such an establishment.

Thank you for the opportunity to voice my concerns.

Sincerely,

Jack J. Smrdel
