Re: Limited Marijuana Cultivation Facility #13299

Dear applicant,

The AMCO Office is reviewing the documents submitted for the proposed marijuana establishment license referenced above. The following items need to be corrected and/or resubmitted**.**

- **MJ-00 Application Certifications**
  - On page 3, please initial one of the boxes that apply to you.
- **MJ-01 Operating Plan**
  - On pages 4 and 7, when you cite regulations you use "3 MC" instead of "3 AAC", please correct this.
  - On page 7 when you mention your off-site storage, please briefly give a description of where the video records would be located, whether it is on the property but not on the licensed premises, or completely off site. You can be vague enough for your security reasons but specific enough so the board and the enforcement team understands the general location. Additionally please give a brief description of the security measures at that location and that they meet the security requirements as mentioned in 3 AAC 306.720(d)
- **MJ-02 Premises Diagram**
  - On your floor plan diagram which has the zones and restricted areas, please indicate in color on the borders of the building or rooms what your licensed premises will be. If it will be the entire building, then you would border the entire building.
  - Please explain on the diagram what the border/wall between the vegetation room and flower room is.

If we do not receive your completions within 90 days, per 3 AAC 306.025(f), you must file a new application and pay a new fee.

Sincerely,

Mark Bailey, Occupational Licensing Examiner
