Good Afternoon,

We need some identifying information about the application you are referring to in order to file this objection with the correct application. Can you send the license # or DBA name from the public notice you saw?

Thank you,

To whom it may concern,
My name is Heather and I am the owner of Heavenly Creations of Alaska, a Flower shop in Ketchikan. My business is located at 728 Water Street. Next door to my business there is a Public notice that states application for Marijuana Establishment License. I am highly

opposed to this business being next to mine! I have discovered that the applicants want to put this shop next to mine as I have had customers in the last couple days say, "Did you see what wants to come into the space next door?" This kind of business does not belong next to me!! I have been in business for 16 years and I have loyal customers but these customers are appalled by the thought of this kind of business being next to "their" flower shop. We even had customers tell us that they will NOT be coming in anymore if this application goes through. As you can see it will be detrimental to my business. So if you let this shop open up then my flower shop (the ONLY flower shop in Ketchikan) will close. I am pleading with you do **NOT** let this application go through so that I can continue to service the city of Ketchikan.

Thank you for your time and consideration.
