Good Afternoon Dru,

I am aware that you own the building, but I was not aware that you owned and operated the glass shop on the first floor. Therefore, you will *not* need to add a suite number for the marijuana establishment at this time.

However, if at any time in the future you sell or lease out any portion of the building to another entity, you will have to assign separate addresses so that you maintain sole possession of the premises address.

Your application is complete and has been moved to the "Complete" status. I will send out notification of your complete application to the Municipality of Anchorage as well as send you a formal complete letter today.

Thank you,
AMCO Staff

Thank you for your comments. I have tried to make this understandable but let me elaborate. I own the building at 9400 old seward highway. The glass shop on the first floor, lightwave glass studio, has been there for 42 years. The second floor, the proposed cultivation facility, has been an apartment for those 42 years and I plan to convert that area to the facility. There is only one address for the building and I am the only tenant. The glass shop is mine. I occupy the whole building and have for the last 44 years.
So I think I have met all of the requirements listed. Yes?

Good Morning,

Your fingerprint cards are marked *received* in the system, we just don't mark them *complete* because we haven't sent them off for a background check yet, but yes, we have received them.

Forms MJ-00, MJ-01 and MJ-04 have been marked complete.

For the premises diagram: Since your proposed premises is located within a building or complex that contains multiple businesses and/or tenants, please provide an additional page that clearly shows the location of your proposed premises within the building or complex, ***along with the addresses and/or suite #'s of the other businesses and/or tenants within the building or complex***.

- Because you must have sole possession of the proposed premises and there are other tenants in your building, you must distinguish the premises address with a suite/unit/room # (What is the premises address on the other tenant's lease? They cannot be exactly the same.)
    - This correction/amendment will require several corrections:
        - You need to email us your suite/unit/room # and AMCO staff will edit the physical address in the licensing system
        - New advertisement and public notices will generate
            - You will need to run a one-time correction ad using the new advertisement notice and submit a new publisher's affidavit
            - You will need post the new public notice for an additional 5 days and submit a new MJ-07
        - Section 1 – Establishment Information, of each MJ form will need to be corrected by adding the suit/unit/room # to the premises address

Let us know if you have any questions.

Thank you,
AMCO Staff

Attached are the corrected forms as requested. In looking at my application file I see that my finger print cards are not shown as received. I have dropped off finger print cards twice now. Do you have them?

Thanks

Hello,

AMCO staff has reviewed the online application and supplemental documents submitted for the proposed marijuana establishment license referenced above. Please read the attached letter regarding items that need to be corrected and/or resubmitted.

Thank you,
AMCO Staff
