Good afternoon,

thank you for your response. I have installed a mailbox at the farm and would like to change all correspondence by mail to be addressed to the physical location instead of my home. This is a permanent change both for my limited cultivation license as well as for my manufacturing license.

Previously listed as: 305 Austin Street Ketchikan AK 99901

Please change to: 218 Kelly Drive Ketchikan AK 99901

Thank you.

Very sincerely yours,

Christopher Wilhelm

Thanks.

You may submit documents as you have them ready, but they will not be reviewed for completeness and accuracy. The application will move to our under review queue once we have all the documents and payment of fees.

Subject: Manufacturing initiated

Good morning,

I have initiated a manufacturing license for SFA LLC online.

Shall I submit some of the documents to your office? Some require more time, such as the newspaper announcement. Also, in order to announce the license intention at the premises and the post office, e.g., I have to have a complete application. So those documents will be lacking.

We are in discussion with a contractor regarding the facility, which will require some construction or modification of an existing structure. Once those discussions are complete, we will have the physical description and plan ready.

As you can see, it is not possible to submit to you a complete application. However, I feel I should submit the forms we do have as the project moves forward. Please see the attached documents.

Sincerely yours,

Christopher Wilhelm
