Re: Standard Marijuana Cultivation Facility License Application #10265

Dear Applicant,

AMCO staff has reviewed the online application and supplemental documents submitted for the proposed marijuana establishment license referenced above. The following items need to be corrected and/or resubmitted.

- MJ-01 Operating Plan
  - Page 4 box 3
    - Your answer is not adequate. Please describe how the security alarm system will meet the requirement of being activated on all exterior doors and windows.
- MJ-02 Premises Diagram
  - The diagram provided is very blurry and hard to read. Please submit a clearer diagram.
  - Clearly delineate the outer boundaries of the proposed licensed premises by outlining in another color
    - When an AMCO investigator is looking at your diagram, it should be very clear what areas will be the "licensed premises" as defined in 3 AAC 306.990(23) and what areas will not be "licensed premises".
  - Label your marijuana storage areas on your diagram.
- Proof of Possession of Proposed Premises
  - Please submit a statement from the Alaska Railroad stating they are aware of a marijuana cultivation facility at this premises address

Please note per 3 AAC 306.025(f) you must make these corrections and submit these items to complete your application not later than 90 days after the date of this notice. If you fail to complete your application during the 90 day period after this notice, you will be required to file a new application and pay a new application filing fee to obtain a marijuana establishment license.

Sincerely,
Cynthia Franklin, Director
