Form MJ-01: Marijuana Establishment Operating Plan

What is this form?

An operating plan is required for all marijuana establishment license applications. Applicants should review **Title 17.38** of **Alaska Statutes** and **Chapter 306** of the **Alaska Administrative Code.** This form will be used to document how an applicant intends to meet the requirements of those statutes and regulations. If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020(c).

What must be covered in an operating plan?

Applicants must identify how the proposed premises will comply with applicable statutes and regulations regarding the following:

- Security
- Inventory tracking of all marijuana and marijuana product on the premises
- Employee qualification and training
- Waste disposal
- Transportation and delivery of marijuana and marijuana products
- Signage and advertising
- Control plan for persons under the age of 21

Applicants must also complete the corresponding operating plan supplemental forms (**Form MJ-03, Form MJ-04, Form MJ-05,** or **Form MJ-06)** to meet the additional operating plan requirements for each license type.

Section 1 – Establishment Information

Section 2 – Security

Review the requirements under 3 AAC 306.710 – 3 AAC 306.720 and 3 AAC 306.755, and identify how the proposed premises will meet the listed requirements.

Describe how the proposed premises will comply with each of the following:

Restricted Access Areas (3 AAC 306.710):

Describe how you will prevent unescorted members of the public from entering restricted access areas:

Alaska Frontier Cannabis, LLC will use commercial grade, nonresidential door locks and a commercial steel door on the exterior entry point to the cultivation facility, which will also be marked by a sign that says " Restricted access area. Visitiors must be escorted." In the restricted access area, any licensee, employee, or agent of Alaska Frontier Cannabis, LLC will wear a current identification badge bearing the person's photograph. Persons under 21 years of age will not enter the restricted access area. In addition, Alaska Frontier Cannabis, LLC will be installing a 6' chain link fence with top rail approximately 100 feet from each side of the proposed cultivation facility or roughly 250' X 250' with a locking gate on the west side of the NW corner of said fence.

Describe your processes for admitting visitors into and escorting them through restricted access areas:

Any visitor to the restricted access area, as clearly indicated by a sign on the sole entrance to the facility that reads "Restricted access area. Visitors must be escorted." , must show identification as required in 3AAC 306.350 to prove that person is 21 years of age or older; obtain a visitor identification badge before entering the restricted access area; and be escorted at all times by a licensee, employee, or agent of Alaska frontier Cannabis, LLC. Visitors will be required to schedule an appointment with the manager, and will be escorted at all times after being logged in to the facility and given a visitor ID badge. Not more than 5 visitors per each licensee, employee, or agent of the licensee who is actively engaged in supervising those visitors will be admitted at any one time.

Security Alarm Systems and Lock Standards (3 AAC 306.715):

Exterior lighting is required to facilitate surveillance. Describe how the exterior lighting will meet this requirement:

8 Outside flood lights are installed on the premises which automatically turn on at dusk and are situated on each corner of the building

An alarm system is required for all license types. Describe the security alarm system for the proposed premises:

The entrance door will be secured with a door motion detector. There will be no windows for this building. This alarm will be on the door of the building and controlled by cell phone. Upon the event of intrusion after alarm has been set, notification will be sent to the managers phone and to the secretary's phone, whom will notify local police upon determination that an actual intrusion is occurring.

The alarm system must be activated on all exterior doors and windows when the licensed premises is closed for business. Describe how the security alarm system meets this requirement:

Immediately prior to exiting the building, the alarm will be set to "active" using a cell phone. This will activate the motion sensor for the door. Activation of the alarm can be verified via the cellphone application.

Form MJ-01: Marijuana Establishment Operating Plan

Describe your policies and procedures for preventing diversion of marijuana or marijuana product:

All marijuana cultivation, harvest and preparation operations will be conducted on-site and under video surveillance. Continuous video recordings will be maintained in a secured location for not less than 40 days. All marijuana plant material, in any condition, will only be permitted to exit the facility as either plant waste which will then be made unusable by shredding the marijuana plant waste and mixing with an equal amount of other waste, whether it is the growing medium or cardboard or other paper product or other waste. The material will be held in a rubber bin with a lid inside the facility until we have permission to remove the waste then it will be thrown into the dumpster on trash pick up day to be disposed of in accordance with 3 AAC 306.740, or transported to another marijuana cultivation facility, a marijuana product manufacturing facility, a marijuana testing facility, or a retail marijuana or marijuana store in accordance with AAC 306.750 after preparing, packaging, and securing the marijuana or marijuana product during shipment, recording the transfer in the marijuana inventory tracking system, and preparing the transport manifest. Employees will be instructed about the laws on how to handle marijuana and that there is no consumption of marijuana allowed on the property and reminded that all their activities are being recorded and that Alaska Frontier Cannabis, LLC takes all the laws seriously and will not tolerate any diversion of the marijuana from the cultivation facility.

Describe your policies and procedures for preventing loitering:

This cultivation site is located 670 feet from the nearest public access point, and is in close proximity to the managers residence. Any persons found to be loitering near the site will be made aware of the no loitering signs and asked to leave the premises if said person or persons refuse to comply they will be reported immediately to local police for trespassing and monitored until the police arrive.

Describe your policies and procedures regarding the use of any additional security device, such as a motion detector, pressure switch, and duress, panic, or hold-up alarm to enhance security of the proposed premises:

Before entering the facility, Alaska Frontier Cannabis, LLC personnel will visually conduct a brief survey of the surrounding area to ensure no unknown personnel are within approachable distance while operating the entrance locks. At least one working cellphone will be on-hand at all times while personnel are inside the facility. Upon entering the facility, cultivators, will immediately activate the physical locks on the entrance door. Exterior video cameras connected to an interior monitor will provide a clear view of the outside entrance of the facility while personnel are inside the facility. Any attempts by unknown personnel to approach the facility will be met with a trespassing call to local police.

Section 5 – Waste Disposal

Review the requirements under 3 AAC 306.740, and identify how the proposed establishment will meet the listed requirements.

Applicants should be able to answer "Yes" to the statement below.

Marijuana Waste Disposal:	Yes	No
The marijuana establishment shall give the board at least 3 days notice in the marijuana inventory tracking system required under 3 AAC 306.730 before making the waste unusable and disposing of it	☑	☐

Describe how you will store, manage, and dispose of any solid or liquid waste, including wastewater generated during marijuana cultivation, production, process, testing, or retail sales, in compliance with applicable federal, state, and local laws and regulations:

All Marijuana plant waste will be separated and stored securely on-site for at least 3 days after notifying the board via METRC and emailing AMCO's enforcement section of the intended destruction. Marijuana plant waste will then be made unusable by shredding the marijuana plant waste and mixing it with an equal amount of other waste, whether it is the growing medium or cardboard or other paper product or other waste then held in a rubber bin with a lid inside the facility until given permission to remove the material will then be thrown into the dumpster to be disposed of on trash pick up day, or taken by the manager to the local landfill in Palmer if time permits.

Our plants are watered on a timer and/or watered by hand, any water runoff will be directed into a 500-galon holding tank with a float and alarm that will tell us when it is full and it will then be pumped by Funk Services and disposed of appropriately by them in compliance with 17.60.160 (A)

Describe what material or materials you will mix with the ground marijuana waste to make it unusable:

As Alaska Frontier Cannabis, LLC is growing marijuana hydroponically, the only plant waste will be the root balls and foliage. The root balls and foliage will be shredded and mixed with an equal amount of other waste, whether it is the growing medium or cardboard or other paper product or other waste then held in a rubber bin with a lid inside the facility until we have permission to remove it at such time we will take it to the Palmer Landfill just off of 49th State Street and dispose of it there. If there is a conflict of time or manpower we may hold the waste until the morning that Denali Refuse picks up our normal garbage and dispose of it in that bin and have Denali Refuse take the waste to the Anchorage Landfill.

Form MJ-01: Marijuana Establishment Operating Plan

Section 8 – Control Plan for Persons Under the Age of 21

Describe how the marijuana establishment will prevent persons under the age of 21 from gaining access to any portion of the licensed premises and marijuana items:

All persons entering the building will be requested to produce a valid picture ID. If a person is underage they will be denied. If a person's ID is questionable the will be denied unless able to produce another ID that is deemed legitimate. All doors will remain locked during business hours.

I declare under penalty of perjury that I have examined this form, including all accompanying schedules and statements, and to the best of my knowledge and belief find it to be true, correct, and complete.
