Next door to Enlighten Alaska is the Alaska Cafe, 2602 Spenard Road. Enlighten Alaska and Alaska Cafe are co-located in the same building, with a shared middle wall. The owner of the building is William Perkins.

The entire middle area as well as the entire back area will be restricted. The only non-restricted area will be the front of the store noted as 'public access' on the drawing.

Thanks for your prompt attention to this license request,

Jane Stinson

Good Morning,

On the form MJ-08 that was submitted, the line for the Local Government is not completed. You must complete the form by reading all instructions on the form and filling in the local government line, "see attached" is not a sufficient answer. Per the instructions at the top of form MJ-08 you must submit a copy of the application (the Public Notice) to the local government and community council. When you complete form MJ-08, you are certifying that you have met those requirements. Further instruction can be found here: Read the Marijuana Establishment License Application Instructions

I did find the 11 X 17 drawings that were submitted and I was able to get them scanned in more clearly. So, we just need the areas to be the proposed licensed premises clearly delineated on a diagram. This can be done by outlining in another color.

Thank you,

AMCO Staff

Thank you for the letter.

MJ-08 - We are confused about the exact correction that needs to be made regarding this section. Based on your request, our understanding is that we need to submit a copy of the Public Notice (that we placed at our location 2600 Spenard Road and the local post office) *to the Spenard Community Council also*. Is that correct? Do we need to resubmit the notarized page to reflect different language?:

Local Government: Municipality of Anchorage

Community Council: Spenard Community Council

Please help us understand the exact correction we need to submit to AMCO.

MJ-02 - On July 7, 2016, We submitted a set of 11 x 17 drawings along with the Food Safety Permit application. I will submit another set of drawings to also include the 'licensed premises' on the site plan. We share a wall with a food establishment so we will submit documentation that clearly defines our retail space.

Thank you so much,

Jane Stinson

Hello,

AMCO staff has reviewed the online application and supplemental documents submitted for the proposed marijuana establishment license referenced above. Please read the attached letter regarding items that need to be corrected and/or resubmitted.

Thank you,

AMCO Staff
