Hi Tara,

Yes, I see it now, sorry about that. Your application is now complete. I will send notices of your complete application to the Municipality of Skagway, Department of Environmental Conservation and State Fire Marshal's office tomorrow morning. I will also send you a formal complete application letter via email.

Thank you,
AMCO Staff

I also submitted an additional drawing to show the interior wall with door, where the counter would be after I realized that might have been the piece you were looking for. Did you receive that? Please let me know if there is anything more you might need.

Thanks,
Tara

Good Afternoon Tara,

I have attached the premises diagrams that we have on file. Is this what you are referring to? The last diagram shows overhead lighting, dimensions, windows and entrances, but doesn't show counters.

The board will likely want to see more detail in your diagram.

Thank you,
AMCO Staff

Hi Good Morning,

I want to make sure I understand what it is you are wanting for the floor plan, we had a draftsman complete the interior diagram submitted in the application on 6/18 titled EMAIL 4 of 3 ADDITIONAL PACKAGE ITEM SUBMISSION MJ-02 DIAGRAMS - BASS 10149 There was both and exterior and interior submission. Is it the actual labeling of what the draftsman did? I want to make sure both diagrams were received. It is a small area, I can take pictures if need be, and describe how the counter wall will be built, but all the window, doors, and walls are identified on the diagram so it make me think you might not of received that email, or seen all the attachments. Please let me know if that is the case or you just need written description of walls, windows, doors etc.

Thank you,
Tara

Good Morning Tara,

The corrections you submitted on July 5th and 6th have been received. I apologize for the delay, we are very busy and understaffed and we really appreciate your patience.

All corrections have been marked complete except for MJ-02 premises diagram. The diagram still needs more detail. The instructions on page 2, Section 2 of MJ-02 state that the interior layout of any enclosed areas must be clearly indicated. Clearly identify all walls, partitions, counters and windows.

Thank you,
AMCO Staff

Hi Cynthia,

As per my email yesterday this is the 6th and last of items requested by you for our application which is under review. This is the Notary copy from the City stating the physical description is the same as the Legal description.

Please let me know if there is anything else you need.

Warm Regards,
Tara
