Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

What is this form?

An operating plan is required for all marijuana establishment license applications. Applicants should review **Title 17.38** of **Alaska Statutes** and **Chapter 306** of the **Alaska Administrative Code.** This form will be used to document how an applicant intends to meet the requirements of those statutes and regulations. If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020(c).

What must be covered in an operating plan?

Applicants must identify how the proposed premises will comply with applicable statutes and regulations regarding the following:

- Security
- Inventory tracking of all marijuana and marijuana product on the premises
- Employee qualification and training
- Waste disposal
- Transportation and delivery of marijuana and marijuana products
- Signage and advertising
- Control plan for persons under the age of 21

RECEIVED
JUN 27 2016
BY:_____

Applicants must also complete the corresponding operating plan supplemental forms (**Form MJ-03, Form MJ-04, Form MJ-05,** or **Form MJ-06)** to meet the additional operating plan requirements for each license type.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	The Frost Farms, LLC	**License Number:**	10162		
License Type:	Retail Marijuana Store				
Doing Business As:	The Frost Farms

Section 2 – Security

Review the requirements under 3 AAC 306.710 – 3 AAC 306.720 and 3 AAC 306.755, and identify how the proposed premises will meet the listed requirements.

Describe how the proposed premises will comply with each of the following:

Restricted Access Areas (3 AAC 306.710):

Describe how you will prevent unescorted members of the public from entering restricted access areas:

Security doors will be installed between the entrance lobby (where ID validation and signing in to enter retail store will take place) and the Retail Marijuana Store. Security doors will require a code or a security card (with micro chip) and only operated by authorized personnel.

Customers entering the premises at the lobby will be screened immediately for ID validation and signing in. Anyone not 21 years of age will be denied access into Licensed Premise.

Other doors within the premises leading to secure server room, packaging room and office will also have coded security doors closing them off from public access. Authorized personnel only will be permitted by code or a security badge (with micro chip).

Describe your processes for admitting visitors into and escorting them through restricted access areas:

Customers will be escorted by authorized personnel through the security door, into the retail space for marijuana purchase(s) and each authorized personnel will have no more than 5 persons at any given time, that they are actively assisting.

No one under the age of 21 will be permitted access to the Licensed Premises.

Describe your recordkeeping of visitors who are escorted into restricted access areas:

Any visitor accessing a restricted area will be required to make an entry in a ledger showing the date and time of their entry into the restricted area. They will also be required to provide 1) their name, 2) their driver's license number, and 3) address. New entries in this ledger will be copied at the end of each week and a copy will be kept in the locked files shown in the premises diagram.

Provide a copy of a sample identification badge to be displayed by each licensee, employee, or agent while on the premises:

Please see the attached identification badge example.

Security Alarm Systems and Lock Standards (3 AAC 306.715):

Exterior lighting is required to facilitate surveillance. Describe how the exterior lighting will meet this requirement:

Motion sensitive spotlights will be installed at each potential entrance to the property, including windows which cannot be opened.

RECEIVED
JUN 27 2016
BY:_____

An alarm system is required for all license types. Describe the security alarm system for the proposed premises:

Action Security will install a DMP XR150 Serise Access/Burglary/Fire 142-Zone alarm system on the property. It will be triggered by any attempts to break in through any door or window. It will also have interior motion sensors, panic alarms (as shown in the premises diagram) and a sensor that will be able to discern whether a window has been broken. It will run on an automatic timing system unless specifically overridden by an owner after-hours. In the event of a problem, the security company and police will be notified immediately by the system. Also, we intend to have a security officer drive by twice a night to ensure that there are no problems.

The alarm system must be activated on all exterior doors and windows when the licensed premises is closed for business. Describe how the security alarm system meets this requirement:

Action Security will install a DMP XR150 Serise Access/Burglary/Fire 142-Zone alarm system on the property. It will be triggered by any attempts to break in through any door or window. It will also have interior motion sensors, panic alarms (as shown in the premises diagram) and a sensor that will be able to discern whether a window has been broken. It will run on an automatic timing system unless specifically overridden by an owner after-hours. Form MJ-01: Marijuana Establishment Operating Plan

Describe your policies and procedures for preventing diversion of marijuana or marijuana product:

Video camera surveilance will be running at all times on the interior spaces of the building and there will be a tracking system for all materials entering the building (Franwell Metric) and exiting the building. There will be accounting to ensure all materials are accounted for. In the event of a diversion of product, the offending employee(s) will be fired and immediately reported to the authorities.

Describe your policies and procedures for preventing loitering:

In the event that anyone is found loitering near the premises, they will be asked to leave. If they have not left within 20 minutes, the security company will be called to remove them.

RECEIVED

Video Surveillance (3 AAC 306.720):

All licensed marijuana establishments must meet minimum standards for surveillance equipment. Applicants should be able to answer "Yes" to all items below.

Video surveillance and camera recording system covers the following areas of the premises:	Yes	No
Each restricted access area and each entrance to a restricted access area	■	☐
Both the interior and exterior of each entrance to the facility	■	☐
Each point of sale area	■	☐

Each video surveillance recording:	Yes	No
Is preserved for a minimum of 40 days, in a format that can be easily accessed for viewing	■	☐
Clearly and accurately displays the time and date	■	☐
Is archived in a format that does not permit alteration of the recorded image, so that the images can readily be authenticated	■	☐

Business Records (3 AAC 306.755):

All licensed marijuana establishments must maintain, in a format that is readily understood by a reasonably prudent business person, certain business records. Applicants should be able to answer "Yes" to all items below.

Business Records Maintained and Kept on the Licensed Premises:	Yes	No
All books and records necessary to fully account for each business transaction conducted under its license for the current year and three preceding calendar years; records for the last six months are maintained on the marijuana establishment's licensed premises; older records may be archived on or off-premises	☒	☐
A current employee list setting out the full name and marijuana handler permit number of each licensee, employee, and agent who works at the marijuana establishment	☒	☐
The business contact information for vendors that maintain video surveillance systems and security alarm systems for the licensed premises	☒	☐
Records related to advertising and marketing	☒	☐
A current diagram of the licensed premises including each restricted access area	☒	☐
A log recording the name, and date and time of entry of each visitor permitted into a restricted access area	☒	☐
All records normally retained for tax purposes	☒	☐
Accurate and comprehensive inventory tracking records that account for all marijuana inventory activity from seed or immature plant stage until the retail marijuana or retail marijuana product is sold to a consumer, to another marijuana establishment, or destroyed	☒	☐
Transportation records for marijuana and marijuana product as required under 3 AAC 306.750(f)	☒	☐

Section 3 – Inventory Tracking of All Marijuana and Marijuana Product

Review the requirements under 3 AAC 306.730, and identify how the proposed establishment will meet the listed requirements.

All licensed marijuana establishments must use a marijuana inventory tracking system capable of sharing information with the system the board implements to ensure all marijuana cultivated and sold in the state, and each marijuana product processed and sold in the state, is identified and tracked from the time the marijuana propagated from seed or cutting, through transfer to another licensed marijuana establishment, or use in manufacturing a product, to a completed sale of marijuana or marijuana product, or disposal of the harvest batch of marijuana or production lot of marijuana product.

Applicants should be able to answer "Yes" to all items below.

Marijuana Tracking and Weighing:	Yes	No
A marijuana inventory tracking system, capable of sharing information with the system the board implements to ensure tracking for the reasons listed above, will be used	☒	☐
All marijuana delivered to a marijuana establishment will be weighed on a scale certified in compliance with 3 AAC 306.745	☒	☐

Describe the marijuana tracking system that you plan to use and how you will ensure that it is capable of sharing information with the system the board implements:

We will subscribe to the State authorized company, Franwell Metric Systems, tracking services for inventory, tracking and labeling retail products, which are to include separately, tags for packing retail product.

Section 4 – Employee Qualification and Training

Review the requirements under 3 AAC 306.700, and identify how the proposed establishment will meet the listed requirements.

A marijuana establishment and each licensee, employee, or agent of the marijuana establishment who sells, cultivates, manufactures, tests, or transports marijuana or a marijuana product, or who checks the identification of a consumer or visitor, shall obtain a marijuana handler permit from the board before being licensed or beginning employment at a marijuana establishment.

Applicants should be able to answer "Yes" to all items below.

Marijuana Hander Permit:	Yes	No
Each licensee, employee, or agent of the marijuana establishment who sells, cultivates, manufactures, tests, or transports marijuana or marijuana product, or who checks the identification of a consumer or visitor, shall obtain a marijuana handler permit from the board before being licensed or beginning employment at the marijuana establishment	☒	☐
Each licensee, employee, or agent who is required to have a marijuana handler permit shall keep that person's marijuana handler permit card in that person's immediate possession (or a valid copy on file on the premises of a retail marijuana store, marijuana cultivation facility, or marijuana product manufacturing facility) when on the licensed premises	☒	☐
Each licensee, employee, or agent who is required to have a marijuana handler permit shall ensure that that person's marijuana handler permit card is valid and has not expired	☒	☐

Describe how your establishment will meet the requirements for employee qualifications and training:

No one who does not have a valid marijuana handler's card will be hired. All employees will be required to keep their certifications current or their employment will be terminated.

Section 5 – Waste Disposal

Review the requirements under 3 AAC 306.740, and identify how the proposed establishment will meet the listed requirements.

Applicants should be able to answer "Yes" to the statement below.

Marijuana Waste Disposal:	Yes	No
The marijuana establishment shall give the board at least 3 days notice in the marijuana inventory tracking system required under 3 AAC 306.730 before making the waste unusable and disposing of it	☒	☐

Describe how you will store, manage, and dispose of any solid or liquid waste, including wastewater generated during marijuana cultivation, production, process, testing, or retail sales, in compliance with applicable federal, state, and local laws and regulations:

No cannabis waste will be associated with the retail store. All marijuana product that reaches the retail store "packaging and storage room" will be 100% converted to retail product(s). The marijuana "Turkey Bags" the marijuana product arrives in, will be returned to the "Vendor(s)" for re-use.

Normal office garbage (paper waste, etc.) will be contracted with and disposed of through normal waste management companies servicing the area, and bathrooms will also be considered part of the normal garbage, waste disposal.

Describe what material or materials you will mix with the ground marijuana waste to make it unusable:

There will be no marijuana waste in the retail store. All marijuana product received at the store's "packaging and storage room", 100% of product will be converted to retail product for sale.

Marijuana Transportation:	Yes	No
The marijuana establishment from which a shipment of marijuana or marijuana product originates will ensure that any individual transporting marijuana shall have a marijuana handler permit required under 3 AAC 306.700	☒	☐
The marijuana establishment that originates the transport of any marijuana or marijuana product will use the marijuana inventory tracking system to record the type, amount, and weight of marijuana or marijuana product being transported, the name of the transporter, the time of departure and expected delivery, and the make, model, and license plate number of the transporting vehicle	☒	☐
The marijuana establishment that originates the transport of any marijuana or marijuana product will ensure that a complete printed transport manifest on a form prescribed by the board must be kept with the marijuana or marijuana product at all times during transport	☒	☐
During transport, any marijuana or marijuana product will be in a sealed package or container in a locked, safe, and secure storage compartment in the vehicle transporting the marijuana or marijuana product, and the sealed package will not be opened during transport	☒	☐
Any vehicle transporting marijuana or marijuana product will travel directly from the shipping marijuana establishment to the receiving marijuana establishment, and will not make any unnecessary stops in between except to deliver or pick up marijuana or marijuana product at any other licensed marijuana establishment	☒	☐
When the marijuana establishment receives marijuana or marijuana product from another licensed marijuana establishment, the recipient of the shipment will use the marijuana inventory tracking system to report the type, amount, and weight of marijuana or marijuana product received	☒	☐
The marijuana establishment will refuse to accept any shipment of marijuana or marijuana product that is not accompanied by the transport manifest	☒	☐

Form MJ-01: Marijuana Establishment Operating Plan

Describe how marijuana or marijuana product will be prepared, packaged, and secured for shipment:

Product for Retail Sale will comply with 3AAC 306.470 and 3AAC 306.475:

It will be packaged in opaque, resealable, child resistant packages and will be made to be unopenable by children 5 years and younger. Each package will be labeled to identify the Marijuana store by Name, Logo, license number. It will also include a lab analysis content as well and along with the following CAUTION LABEL:

Marijuana has intoxicating effects and may become habit forming and addictive. Marijuana impairs concentration, coordination and judgement. Do not operate a vehicle or machinery while under the influence. There are health risks associated with the consumption of marijuana products and it is the responsibility of the consumer to educate themselves on these risks. It is to be used by adults only, 21 years and older. Keep out of the reach of chldren and exercise caution for storing and useage if there are children in the home. Marijuana should not be used by women who are pregnant and or breast feeding.

Describe the type of locked, safe, and secure storage compartments that will be used in any vehicles transporting marijuana or marijuana product:

Product will be stored for transport in a 2001 GMC Yukon with a bolted down, "STACK ON" brand locking gun safe installed in the rear of the vehicle. The STACK ON safe is metal, keyed operated with two keys, of which will be held by store owners and secured in a locked safe or container when not in use. Vehicle will be used only for this sole purpose of transporting at this business facility.
