Good afternoon,

I have reviewed the corrections that were submitted. There are further corrections needed:

-MJ-01:

- Page 5, second box: some of the wording was removed/erased. Please correct accordingly.
- Page 15, first box: if you are going to include the warning statements on the labeling of marijuana, it must be quoted word for word. You are not required to include the 5 quotes in this box, but if you are going to, it must be verbatim. I have provided an example of the warning statements in the requested corrections for MJ-04 below for your reference. Please correct accordingly.

-MJ-02:

- For the diagrams provided:
  - On all three diagrams, label the red outline to say Restricted Access Area and Licensed Premises.
  - On the diagram with the detailed flower and veg rooms, please remove the green border on the drying curing/storage area, and replace it with the red outline. Also, at the bottom of the veg room, make sure to connect the red outline fully.

-MJ-04

- Page 2: There are inconsistencies on the MJ-04 and the MJ-02. For example, adding the square footage of the grow tents is 41sqft, not 36sqft, totaling 116sqft for the Veg Room (as shown on the MJ-02). Additionally, you may want to consider removing or revising your statement of, "Leaving a additional 64 square feet remaining unused." The reason for this is that a limited marijuana cultivation facility must have fewer than 500 square feet under cultivation, not 500sqft. Please correct accordingly.
- Page 6: Thank you for updating your sample label; however, the warning statements must be word for word as written in the regulations. Be very specific and make sure that it is verbatim. A couple of your statements are correct, but the others are incorrect. Please correct accordingly. Here is an example of the wording in the regulations:

  (1) Marijuana has intoxicating effects and may be habit forming and addictive.
  (2) Marijuana impairs concentration, coordination, and judgment. Do not operate a vehicle or machinery under its influence.
  (3) There are health risks associated with consumption of marijuana.
  (4) For use only by adults twenty-one and older. Keep out of the reach of children.
  (5) Marijuana should not be used by women who are pregnant or breast feeding.
