Good Afternoon Sue,

The following corrections have been received and marked complete in the licensing system for #10307 Alaska Fireweed:

- Proof of Possession of Proposed Premises
- Entity Documents

Once we receive the corrected premises diagram and retail supplemental operating plan, your application will be complete.

Let us know if you have any questions.

Thank you,

Please review the original lease that was sent in. The SEU LLC signature is buried on page 18 and 19. Thank you for all the hard work you do.

Best Regards,
