Operating Plan Supplemental
Form MJ-04: Marijuana Cultivation Facility

What is this form?

This operating plan supplemental form is required for all applicants seeking a marijuana cultivation facility license and must accompany the **Marijuana Establishment Operating Plan (Form MJ-01)**, per 3 AAC 306.020(b)(11). Applicants should review **Chapter 306: Article 4** of the **Alaska Administrative Code.** This form will be used to document how an applicant intends to meet the requirements of those regulations. If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020 and 3 AAC 306.420(2).

What additional information is required for cultivation facilities?

Applicants must identify how the proposed establishment will comply with applicable regulations regarding the following:

- Prohibitions
- Cultivation plan
- Odor control
- Testing procedure and protocols
- Security

This form must be submitted to AMCO's main office before any marijuana cultivation facility license application will be considered complete.

Section 2 – Prohibitions

Applicants should review 3 AAC 306.405 – 3 AAC 306.410 and be able to answer "Agree" to all items below.

The marijuana cultivation facility will not:	Agree	Disagree
Sell, distribute, or transfer any marijuana or marijuana product to a consumer, with or without compensation	✓	
Allow any person, including a licensee, employee, or agent, to consume marijuana or marijuana product on its licenses premises or within 20 feet of the exterior of any building or outdoor cultivation facility	✓	
Treat or otherwise adulterate marijuna with any organic or nonorganic chemical or compound to alter the color, appearance, weight, or odor of the marijuana	✓	

Section 3 – Cultivation Plan

Review the requirements under 3 AAC 306.420, and identify how the proposed premises will meet the listed requirements.

Describe the size of the space(s) the marijuana cultivation facility intends to be under cultivation, including dimensions and overall square footage. Provide your calculations below:

Absolem's Garden will operate as a limited marijuana cultivation facility, and will have a cultivation area of less than 500 square feet. The spaces in the facility dedicated for cultivation will consist of 15 flood irrigation tables 4'x8' at 32 square feet each for a subtotal of 480 square feet; and 2 tables 2 x 5 at 10 square feet each for clones and mother plants for a subtotal of 20 square feet. This provides a total of 500 square feet of cultivation space.

Form MJ-04: Marijuana Cultivation Facility

Describe the marijuana cultivation facility's growing medium(s) to be used:

Absolem's Garden will utilize Canna Coco coir and rockwool cubes for the growing medium.

Describe the marijuana cultivation facility's fertilizers, chemicals, gases, and delivery systems, including carbon dioxide management, to be used:

Absolem's Garden will use liquid nutrients mixed with water and distributed via a timed drip irrigation system. The Canna family of nutrients will be predominantly used with other branded, similar food grade nutrients added as appropriate.

Neem oil will be used as insecticide/fungicide if necessary.

No Carbon Dioxide other than that occurring naturally in the atmosphere will be utilized.

Describe the marijuana cultivation facility's irrigation and waste water systems to be used:

Absolem's Garden will use a small bore, timed, drip irrigation system to deliver water and nutrients directly to each plant. Most of the water will be utilized by the plants, any wastewater generated will be routed to the on-site septic system.

Domestic wastewater generated by the restroom and hand-washing facilities will be disposed of through the on-site septic system.

Form MJ-04: Marijuana Cultivation Facility

Describe the marijuana cultivation facility's waste disposal arrangements:

Wastewater will be disposed of in an on-site wastewater disposal system.

Office waste will be collected and either shredded and composted with the vegetative matter, or hauled to the landfill as appropriate.

Vegetative waste will be shredded, mixed with expired grow medium and composted on site.

Section 4 – Odor Control

Review the requirements under 3 AAC 306.430, and identify how the proposed premises will meet the listed requirement.

Describe the odor control method(s) to be used and how the marijuana cultivation facility will ensure that any marijuana at the facility does not emit an odor that is detectable by the public from outside the facility:

Carbon filters will be placed on each exhaust fan to prevent odors from leaving the facility.

The facility will maintain a slightly negative air pressure so that any air leaving the building will do so through the carbon filters.

Section 5 – Testing Procedure and Protocols

Review the requirements under 3 AAC 306.455 and 3 AAC 306.465, and identify how the proposed premises will meet the listed requirements.

Applicants should be able to answer "Agree" to the item below.

I understand and agree that:	Agree	Disagree
The board will or the director shall from time to time require the marijuana cultivation facility to provide samples of the growing medium, soil amendments, fertilizers, crop production aids, pesticides, or water for random compliance checks	☑	☐

Describe the testing procedure and protocols the marijuana cultivation facility will follow:

Absolem's Garden will provide random samples of each harvested, cured and segregated batch for quality and verification purposes.

A designated person will be responsible for collecting each sample and then signing a statement indicating that the sample was randomly selected from cured marijuana of the same batch.

This statement will be provided to the testing facility and a copy retained on site as permanent record. The statement will accompany the material as it is transported from the cultivation facility to the testing facility.

It is understood that at times, the Board may require samples of growing media, nutrients and other materials utilized in the cultivation of marijuana by Absolem's Garden. It is further understood that the cost and facilitation of these random compliance tests will be borne by Absolem's Garden and will follow the same protocol as the testing of the marijuana itself.

Form MJ-04: Marijuana Cultivation Facility

Describe the method(s) used to ensure that any marijuana at the marijuana cultivation facility cannot be observed by the public from outside the facility:

Absolem's Garden will have no windows. This will prevent the public from observing activities within the cultivation facility.

I certify that as a marijuana cultivation facility, I will submit monthly reports to the Department of Revenue and pay the excise tax required under AS 43.61.010 and 43.61.020 on all marijuana sold or provided as a sample to a marijuana establishment, as required under 3 AAC 306.480.

I declare under penalty of perjury that I have examined this form, including all accompanying schedules and statements, and to the best of my knowledge and belief find it to be true, correct, and complete.
