Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

What is this form?

An operating plan is required for all marijuana establishment license applications. Applicants should review **Title 17.38** of **Alaska Statutes** and **Chapter 306** of the **Alaska Administrative Code.** This form will be used to document how an applicant intends to meet the requirements of those statutes and regulations. If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020(c).

What must be covered in an operating plan?

Applicants must identify how the proposed premises will comply with applicable statutes and regulations regarding the following:

- Security
- Inventory tracking of all marijuana and marijuana product on the premises
- Employee qualification and training
- Waste disposal
- Transportation and delivery of marijuana and marijuana products
- Signage and advertising
- Control plan for persons under the age of 21

Applicants must also complete the corresponding operating plan supplemental forms (**Form MJ-03, Form MJ-04, Form MJ-05,** or **Form MJ-06)** to meet the additional operating plan requirements for each license type.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Form MJ-01: Marijuana Establishment Operating Plan

Section 2 – Security

Review the requirements under 3 AAC 306.710 – 3 AAC 306.720 and 3 AAC 306.755, and identify how the proposed premises will meet the listed requirements.

Describe how the proposed premises will comply with each of the following:

Restricted Access Areas (3 AAC 306.710):

Describe how you will prevent unescorted members of the public from entering restricted access areas:

Pursuant to 3AAC 306.710(c)(2) obtain a visitor identification badge before entering the restricted access area; and
(1) ID TECH 125KHz RFID cards will be issued to the marijuana establishment licensee or authorized employee, and to law enforcement personnel including an agent of the board. Allowing for limited access to restricted areas.
(2) Doors with entrance and exit access to property will be monitored with Napco door contacts that will trip the alarm system in the event a door contact is activated. The system will be active when alarm has been armed.

Describe your processes for admitting visitors into and escorting them through restricted access areas:

Visitors will be admitted into the premises in accordance with 3 AAC 306.710(c). All visitors will be required to provide a valid photo identification as outlined by 3 AAC 306.350 to assess age and ability to enter the premises and includes; an unexpired/unaltered passport, driver's license, permit, or identification card of any state/government or territory of the United States, The District of Columbia, or a province of Canada. If any of the documentation appears to be fraudulent, not valid, or appears suspicious the individual will be asked to leave the premises and will not be allowed to enter the facility.
Visitors to the premises will be supervised at all times by an authorized employee and no more than 5 visitors will be allowed per each employee at a time (3 AAC 306.710 (b). All visitors will be required to sign non-disclosure agreements, visitor agreement and will be stored in the visitor record with the following information per 3 AAC 306.755(6); name, date, time in and out, copy of identification and signature of supervising employee. Visitors will include; Landlord (as applicable), contracted service personnel, vender delivery personnel, potential employees, venders/suppliers, and consultants.
Visitor agreement: Visitors will be given instructions regarding not touching plants/products or entering in any area that the supervising employee hasn't designated as a visitor area. Visitors will not be allowed to take pictures of the facility unless authorized by the management and will sign an agreement attesting to the above information.
Marijuana establishments picking up marijuana will be required to provide a valid marijuana handlers card and their marijuana establishment identification badge. They will then receive a visitor pass and be escorted by authorized personnel at all times. ID badges, visitor passes, keys, and security codes are issued by management and are sole property of Blueberry Hill, LLC. and can be revoked at any time due to inappropriate use. ID badges may not be duplicated or loaned to anyone at any time.

Form MJ-01: Marijuana Establishment Operating Plan

Describe your recordkeeping of visitors who are escorted into restricted access areas:

Visitors to Blueberry Hill, LLC. will have to sign into the visitors log book indicating the date, time, and purpose of there visit. A photocopy of the visitors government issued ID will be made. The visitor will be accompanied by an employee or owner at all times while on the premises. The visitor will sign the log book indicating the date and time upon leaving the facility. The log book will be kept in the locked filing cabinet. The log book will be made available for AMCO immediately upon request.
See attached

Provide a copy of a sample identification badge to be displayed by each licensee, employee, or agent while on the premises:

Security Alarm Systems and Lock Standards (3 AAC 306.715):

Exterior lighting is required to facilitate surveillance. Describe how the exterior lighting will meet this requirement:

Exterior lighting will be installed to provide illumination that is sufficient for video surveillance cameras to detect and record high quality video during periods of natural low light and darkness. Lights will be installed at 8 feet high and directed downward.

An alarm system is required for all license types. Describe the security alarm system for the proposed premises:

A Napco Gemini security bundle will be installed consisting of the following equipment: Alpha K1 keypad (located in the facility entrance), Napco PIR motion detectors, Napco door contacts, Napco sirens, 4AH/12VDC battery, and a RJ31x jack and cord. The security system will be monitored by a 3rd party monitoring agency 24/7. In the event of an alarm activation law enforcement and the business owner will be notified.

The alarm system must be activated on all exterior doors and windows when the licensed premises is closed for business. Describe how the security alarm system meets this requirement:

The security system will be monitored by a 3rd party monitoring agency NMC (National Monitoring Center). NMC, based in California, has risen to become the premier 3rd party monitoring company in the nation. Their success is due to an unparalleled combination of two things: state-of-the-art technology along with the most highly trained, professional and knowledgeable staff in the industry. In the event of a security breach of the licensed premises an exterior as well as an interior siren will be activated immediately, an alarm signal will be received by the monitoring center who will notify security, law enforcement and the licensee.

Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

Describe your policies and procedures for preventing diversion of marijuana or marijuana product:

Owners, employees, visitors, and other individuals will be held to a zero-tolerance policy on the diversion of marijuana (3 AAC 306.715(c)(1). The electronic tracking system will be used to ensure diversion of marijuana does not occur throughout the normal processes of the cultivation facility. Marijuana will be entered into the system and tracked throughout the cultivation, packaging, testing, disposal and selling process. If the tracking system shows potential diversion of product authorized personnel will initiate an investigation that will include; talking to employees on shift, assessing last log ins to the system and product in question, notifying the Marijuana Control Board and reviewing video feed.
In addition to the above, authorized personnel will randomly check video feed for potential diversion (1x per week), will supervise all visitors and require them to remain in the building until law enforcement arrives if diversion is suspected, restrict access to restricted areas where marijuana or cash are present as well as will provide information pertaining to the consequences of breaking the policy. Consequences include notifying law enforcement, immediate termination, visitor access removal and prosecution of crimes.

Describe your policies and procedures for preventing loitering:

(1) Security and staff will perform routine but unscheduled patrols. Loiterers will be asked to leave when discovered and law enforcement will be called if continued loitering persists.
(2) Blueberry Hill, LLC will operate under a “no loitering” policy that will limit individuals from standing or waiting without purpose on the premises as accordingly under 3 AAC 306.715(c)(2). During business hours employees will be provided training on the importance of limiting loitering and learn skills to verbally remove individuals from the premises. If individuals are unwilling to leave the premises or continue to loiter in the general area, law enforcement/peace officers will be notified and employees will follow the recommendations of law enforcement.
(3) Employees will not engage in discussions with minors or other individuals outside the building about the marijuana establishment, around the establishment or to promote marijuana use to individuals under the age of 21 years. Employees will conduct random perimeter checks in order to address loitering issues in a timely manner. The exterior of the building will have “No Loitering” signs placed on the front of the building as well as on the front fence of the side yard. Loitering will be defined as; to stand or wait around idly or without apparent purpose.

Describe your policies and procedures regarding the use of any additional security device, such as a motion detector, pressure switch, and duress, panic, or hold-up alarm to enhance security of the proposed premises:

(1) Motion detectors and door contacts are utilized for afterhours monitoring of the licensed premises.
(2) The key pad will be programmed with a silent medical and fire duress button option to alert medical personnel or fire fighters in the event of a medical emergency or fire.
(3) Any use of the duress button will notify the monitoring center by silent alarm, giving the appropriate agency information that a security breach is in progress and to use extreme caution when approaching.

Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

Describe your policies and procedures regarding the actions to be taken by a licensee, employee, or agent when any automatic or electronic notification system alerts a local law enforcement agency of an unauthorized breach of security:

The licensee, all employees and agents shall assist in any way to help law enforcement by providing detailed descriptions of person/persons and events leading up to the breach in security. The licensee, employees and agents shall protect and preserve any evidence or area where the breach occurred, restricting access to the area and not disturbing anything until law enforcement arrives.

Video Surveillance (3 AAC 306.720):

All licensed marijuana establishments must meet minimum standards for surveillance equipment. Applicants should be able to answer "Yes" to all items below.

Video surveillance and camera recording system covers the following areas of the premises:	Yes	No
Each restricted access area and each entrance to a restricted access area	X	
Both the interior and exterior of each entrance to the facility	X	
Each point of sale area	X	

Each video surveillance recording:	Yes	No
Is preserved for a minimum of 40 days, in a format that can be easily accessed for viewing	X	
Clearly and accurately displays the time and date	X	
Is archived in a format that does not permit alteration of the recorded image, so that the images can readily be authenticated	X

Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

Describe how the video cameras will be placed to produce a clear view adequate to identify any individual inside the licensed premises, or within 20 feet of each entrance to the licensed premises:

Security cameras will consist of Samsung Network Dome Cameras.
Samsung Network Cameras will be installed in growing, trimming and processing areas to insure coverage of the secure areas. All security cameras will be positioned in such a manner as to get the most identifiable view of anyone within 20 feet of their line of sight at each entrance and along the exterior and interior of each Restricted Access Area. Cameras will be placed at a height of 8 feet to insure unobstructed viewing of all product, plants and persons insuring all are captured on a maximum clear sight picture. All cameras will have a recording resolution of at least 1920x1080(2mp)-2560x1920(5mp), and will have the ability to see at night using infrared technology for night time recordings.

Describe the locked and secure area where video surveillance recording equipment and records will be housed and stored and how you will ensure the area is accessible only to authorized personnel, law enforcement, or an agent of the board:

Pursuant to 3 AAC 306.720(b) Surveillance recording equipment and video surveillance records must be in a locked and secure area or in a lock box, cabinet, closet or other secure area that is accessible only to a marijuana establishment licensee or authorized employee, and to law enforcement personnel including an agent of the board. A marijuana establishment may use an offsite monitoring service and offsite storage of video surveillance records if the offsite facility is at least as strict as onsite security requirements as described in this section.
The security cabinet, housing all supporting security and camera equipment, will be locked by a key that is printed “do not duplicate” to insure the integrity of all security supported hardware for the licensed facility.
The single-entry point will have access control supported with LED lights.
Outside the security cabinet will be a Samsung dome network camera, equipped with a 2MP sensor enabling viewing resolution of 1920x1080 at a smooth 30fps. The dome is an all in one indoor camera capable of capturing high quality and high-resolution video up to 2MP.

Location of Surveillance Equipment and Video Surveillance Records:	Yes	No
Surveillance room or area is clearly defined on the premises diagram	X	
Surveillance recording equipment and video surveillance records are housed in a designated, locked, and secure area or in a lock box, cabinet, closet or other secure area	X	
Surveillance recording equipment access is limited to a marijuana establishment licensee or authorized employee, and to law enforcement personnel including an agent of the board	X	
Video surveillance records are stored off-site		X

Business Records (3 AAC 306.755):

All licensed marijuana establishments must maintain, in a format that is readily understood by a reasonably prudent business person, certain business records. Applicants should be able to answer "Yes" to all items below.

Business Records Maintained and Kept on the Licensed Premises:	Yes	No
All books and records necessary to fully account for each business transaction conducted under its license for the current year and three preceding calendar years; records for the last six months are maintained on the marijuana establishment's licensed premises; older records may be archived on or off-premises	X	
A current employee list setting out the full name and marijuana handler permit number of each licensee, employee, and agent who works at the marijuana establishment	X	
The business contact information for vendors that maintain video surveillance systems and security alarm systems for the licensed premises	X	
Records related to advertising and marketing	X	
A current diagram of the licensed premises including each restricted access area	X	
A log recording the name, and date and time of entry of each visitor permitted into a restricted access area	X	
All records normally retained for tax purposes	X	
Accurate and comprehensive inventory tracking records that account for all marijuana inventory activity from seed or immature plant stage until the retail marijuana or retail marijuana product is sold to a consumer, to another marijuana establishment, or destroyed	X	
Transportation records for marijuana and marijuana product as required under 3 AAC 306.750(f)	X

A marijuana establishment is required to exercise due diligence in preserving and maintaining all required records. Describe how you will prevent records and data, including electronically maintained records, from being lost or destroyed:

The Samsung video storage system will store a minimum 40 days of video and is password protected to prevent any alterations. The Napco security system will generate a daily open/close report by the user and records for approximately 120 days. The HouseLogix access control system will generate a report of authorized or unauthorized access users attempting to enter a restricted access area and records for approximately 120 days. The security cabinet will be in a climate controlled room to insure the integrity of all security supported hardware for the licensed facility. All business records required under 3 AAC 306.755 including but not limited to; all books and records necessary to fully account for each business transaction conducted under its license for the current year and three preceding calendar years; a current employee list setting out the full name and marijuana handler permit number of each licensee, employee, and agent who works at the marijuana establishment; the business contact information for vendors that maintain video surveillance systems and security alarm systems for the licensed premises; a current diagram of the licensed premises including each restricted access area; a log recording the name, date and time of entry of each visitor permitted in a restricted access area; all records normally retained for tax purposes; accurate and comprehensive inventory tracking records that account for all marijuana inventory activity from seed or immature plant stage until the marijuana or marijuana product is sold to another marijuana establishment, or destroyed; transportation records for marijuana and marijuana products will be kept in the locked filing cabinet in the secured/restricted area.

Form MJ-01: Marijuana Establishment Operating Plan

Section 3 – Inventory Tracking of All Marijuana and Marijuana Product

Review the requirements under 3 AAC 306.730, and identify how the proposed establishment will meet the listed requirements.

All licensed marijuana establishments must use a marijuana inventory tracking system capable of sharing information with the system the board implements to ensure all marijuana cultivated and sold in the state, and each marijuana product processed and sold in the state, is identified and tracked from the time the marijuana propagated from seed or cutting, through transfer to another licensed marijuana establishment, or use in manufacturing a product, to a completed sale of marijuana or marijuana product, or disposal of the harvest batch of marijuana or production lot of marijuana product.

Applicants should be able to answer "Yes" to all items below.

Marijuana Tracking and Weighing:	Yes	No
A marijuana inventory tracking system, capable of sharing information with the system the board implements to ensure tracking for the reasons listed above, will be used	X	
All marijuana delivered to a marijuana establishment will be weighed on a scale certified in compliance with 3 AAC 306.745	X	

Describe the marijuana tracking system that you plan to use and how you will ensure that it is capable of sharing information with the system the board implements:

Blueberry Hill, LLC will track all marijuana cultivated on the premises. Marijuana will be identified, tagged and tracked by the METRC system from the time the marijuana is propagated from seed or cutting through transfer to another licensed marijuana establishment.

Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

Section 4 – Employee Qualification and Training

Review the requirements under 3 AAC 306.700, and identify how the proposed establishment will meet the listed requirements.

A marijuana establishment and each licensee, employee, or agent of the marijuana establishment who sells, cultivates, manufactures, tests, or transports marijuana or a marijuana product, or who checks the identification of a consumer or visitor, shall obtain a marijuana handler permit from the board before being licensed or beginning employment at a marijuana establishment.

Applicants should be able to answer "Yes" to all items below.

Marijuana Hander Permit:	Yes	No
Each licensee, employee, or agent of the marijuana establishment who sells, cultivates, manufactures, tests, or transports marijuana or marijuana product, or who checks the identification of a consumer or visitor, shall obtain a marijuana handler permit from the board before being licensed or beginning employment at the marijuana establishment	X	
Each licensee, employee, or agent who is required to have a marijuana handler permit shall keep that person's marijuana handler permit card in that person's immediate possession (or a valid copy on file on the premises of a retail marijuana store, marijuana cultivation facility, or marijuana product manufacturing facility) when on the licensed premises	X	
Each licensee, employee, or agent who is required to have a marijuana handler permit shall ensure that that person's marijuana handler permit card is valid and has not expired	X	

Describe how your establishment will meet the requirements for employee qualifications and training:

It should be fairly simple as it is expected to include no more than 3 people. Each person shall have a handler's card and it will be updated as it expires. We will be using Handle Alaska or other State approved training courses. Handle Alaska is a state approved Marijuana Handler Permit course for anyone who works in the Alaska cannabis industry in any of the licensed establishments.(www.handlealaska.com)

Form MJ-01: Marijuana Establishment Operating Plan

Section 5 – Waste Disposal

Review the requirements under 3 AAC 306.740, and identify how the proposed establishment will meet the listed requirements.

Applicants should be able to answer "Yes" to the statement below.

Marijuana Waste Disposal:	Yes	No
The marijuana establishment shall give the board at least 3 days notice in the marijuana inventory tracking system required under 3 AAC 306.730 before making the waste unusable and disposing of it	X	

Describe how you will store, manage, and dispose of any solid or liquid waste, including wastewater generated during marijuana cultivation, production, process, testing, or retail sales, in compliance with applicable federal, state, and local laws and regulations:

Marijuana plant waste including root matter and medium used for cultivation will be held for 3 days upon notifying the board by email per 3 AAC 306.730 before making the waste unusable and disposing of it: The waste material will be stored in locked containers and kept in the secure room until transferred to an approved location. Waste material will be ground up and mixed with at least an equal amount of other compost-able or non-compost-able materials which will result in the material being rendered unusable. All material that is destroyed will be destroyed under video surveillance and documented in tracking system prior to leaving the facility. The waste disposal process will be logged in a book that is kept in the locked cabinet. Only authorized personnel will have access to the locked cabinet with the log book of waste materials.

Describe what material or materials you will mix with the ground marijuana waste to make it unusable:

Blueberry Hill, LLC will mix potting soil and other compostable materials such as kitchen waste, grass clippings, peat moss and other materials approved by the board.

Form MJ-01: Marijuana Establishment Operating Plan

Marijuana waste must be rendered unusable for any purpose for which it was grown or produced before it leaves the marijuana establishment. Describe the process or processes that you will use to make the marijuana plant waste unusable:

Marijuana waste will be kept and used at our facility for composting purposes only. All solid marijuana waste will be ground up with yard debris and kitchen waste (i.e. food scraps) and be used for compost which will be used in our garden. Any marijuana wastewater which will be next to none (as we use a fully contained system) will be released to yard surface or garden area away from any water source as we are on a community well located at the Mile 8 facility over a mile away.

Section 6 – Transportation and Delivery of Marijuana and Marijuana Products

Review the requirements under 3 AAC 306.750, and identify how the proposed establishment will meet the listed requirements.

Applicants should be able to answer "Yes" to all items below.

Marijuana Transportation:	Yes	No
The marijuana establishment from which a shipment of marijuana or marijuana product originates will ensure that any individual transporting marijuana shall have a marijuana handler permit required under 3 AAC 306.700	X	
The marijuana establishment that originates the transport of any marijuana or marijuana product will use the marijuana inventory tracking system to record the type, amount, and weight of marijuana or marijuana product being transported, the name of the transporter, the time of departure and expected delivery, and the make, model, and license plate number of the transporting vehicle	X	
The marijuana establishment that originates the transport of any marijuana or marijuana product will ensure that a complete printed transport manifest on a form prescribed by the board must be kept with the marijuana or marijuana product at all times during transport	X	
During transport, any marijuana or marijuana product will be in a sealed package or container in a locked, safe, and secure storage compartment in the vehicle transporting the marijuana or marijuana product, and the sealed package will not be opened during transport	X	
Any vehicle transporting marijuana or marijuana product will travel directly from the shipping marijuana establishment to the receiving marijuana establishment, and will not make any unnecessary stops in between except to deliver or pick up marijuana or marijuana product at any other licensed marijuana establishment	X	
When the marijuana establishment receives marijuana or marijuana product from another licensed marijuana establishment, the recipient of the shipment will use the marijuana inventory tracking system to report the type, amount, and weight of marijuana or marijuana product received	X	
The marijuana establishment will refuse to accept any shipment of marijuana or marijuana product that is not accompanied by the transport manifest	X

Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

Describe how marijuana or marijuana product will be prepared, packaged, and secured for shipment:

Blueberry Hill, LLC will prepare and package marijuana in accordance with 3 AAC 306.470. Marijuana will be placed in a wholesale package not to exceed five pounds for repackaging by the retail marijuana store; or to a marijuana product manufacturing facility in a wholesale package not exceeding five pounds; and consisting of a single strain or a mixture of strains as identified on the label. The container will be sealed with a tamper evident seal to protect product from contamination and to identify unopened packaging. We will also have an affixed label in compliance with 3 AAC 306.475 on the shipping container; and generate a transport manifest from our facility's marijuana inventory tracking system (METRC); The transport manifest will remain with the marijuana at all times while being transported, and a copy will be given to the licensed marijuana establishment that receives the shipment. The individual transporting the marijuana shall have a marijuana handler permit which is required under 3 AAC 306.700. When the marijuana is transported, the marijuana establishment shall use the marijuana inventory tracking system to record the type, amount and weight of marijuana being transported, the name of the transporter, the time of departure and expected delivery, and the make, model, and license plate number of the transporting vehicle. A complete printed transport manifest on a form prescribed by the board must be kept with the marijuana.

Describe the type of locked, safe, and secure storage compartments that will be used in any vehicles transporting marijuana or marijuana product:

Prior to transporting marijuana product, it will be packaged and labeled. It will then be placed in a locked storage compartment (safe). The storage compartment shall remain locked during transport. At no time during transport will it be opened. All personnel will be required to follow these procedures. Each harvest batch will have an inventory tracking number. Each sale and transport of each batch will follow the 3 AAC 306.435 regulation by recording in the METRC tracking system and shall generate a valid transport manifest to accompany each transported batch.

Section 7 – Signage and Advertising

Describe any signs that you intend to post on your establishment with your business name, including quantity and dimensions:

Blueberry Hill, LLC. will not be advertising outside as we will not be an open to public business. Blueberry Hill, LLC. is a private business.

Blueberry Hill, LLC. will post all business licenses that apply including but not limited to State and Borough.

If you are not applying for a retail marijuana store license, you do not need to complete the rest of Section 7, including Page 17.

Restriction on advertising of marijuana and marijuana products (3 AAC 306.360):

All licensed retail marijuana stores must meet minimum standards for signage and advertising.

Applicants should be able to answer "Agree" to all items below.

No advertisement for marijuana or marijuana product will contain any statement or illustration that:	Agree	Disagree
Is false or misleading	☐	☐
Promotes excessive consumption	☐	☐
Represents that the use of marijuana has curative or therapeutic effects	☐	☐
Depicts a person under the age of 21 consuming marijuana	☐	☐
Includes an object or character, including a toy, a cartoon character, or any other depiction designed to appeal to a child or other person under the age of 21, that promotes consumption of marijuana	☐	☐

Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

Section 8 – Control Plan for Persons Under the Age of 21

Describe how the marijuana establishment will prevent persons under the age of 21 from gaining access to any portion of the licensed premises and marijuana items:

(1) Visitors must present a valid ID prior to entering the licensed premises. (State driver's license, state issued ID card, or Government issued ID card or passport). All valid ID's must be unaltered, no other documents will be considered valid.
(2) Any person without valid identification will not be allowed within the licensed premises or any restricted access areas.

I declare under penalty of perjury that I have examined this form, including all accompanying schedules and statements, and to the best of my knowledge and belief find it to be true, correct, and complete.
