Alaska Marijuana Control Board

Form MJ-15: Operating Plan Change

What is this form?

This operating plan change form is required for all marijuana establishment licensees seeking to change a licensed marijuana establishment's existing operating plan, as required by 3 AAC 306.100. With this form, a licensee may request changes to as much or as little as desired of Form MJ-01 and/or the corresponding operating plan supplemental for the establishment's license type. **The required $250 change fee may be made by check, cashier's check, or money order.**

Please download, complete, and submit with this form **only the pages** of Form MJ-01 and/or the corresponding operating plan supplemental that contain sections that you are requesting to change. All fields that are left blank will be considered unchanged from the existing operating plan. All fields that are completed and submitted with this form will be considered as changes to the existing operating plan and are subject to board approval. **Please do not submit any wholly unchanged pages of an operating plan.**

The form(s) that I am requesting board approval to change is:

- [ ] **Form MJ-01:** Marijuana Establishment Operating Plan
- [ ] **Form MJ-03:** Retail Marijuana Store Operating Plan Supplemental
- [ ] **Form MJ-04:** Marijuana Cultivation Facility Operating Plan Supplemental
- [x] **Form MJ-05:** Marijuana Product Manufacturing Facility Operating Plan Supplemental
- [ ] **Form MJ-06:** Marijuana Testing Facility Operating Plan Supplemental

This form must be completed and submitted to AMCO's main office prior to changing existing operations. The licensed establishment's operations may not be altered unless and until the director has given temporary approval or the Marijuana Control Board (MCB) has given final approval of the changes. Please note that licensees seeking to change operating plans for multiple licenses must submit a separate completed copy of this form for each license.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	SFA LLC	**MJ License #:**		13697	
License Type:	Marijuana Product Manufacturing Facility				
Doing Business As:	Wakin' Bakery				
Premises Address:	218 Kelly Drive				
City:	Ketchikan	**State:**	Alaska	**ZIP:**	99901

Received by AMCO 6/13/18

Alaska Marijuana Control Board

Form MJ-15: Operating Plan Change

Section 2 – Summary of Changes

Provide a summary of the changes for which you are requesting approval.

The original operating plan calls for packaging which limits cookie counts and mg/THC to a specific limit per bag, both of total count and of mg/THC.

We would like to change the packaging to be more flexible to allow for lower dose servings, and more servings per bag. The flexibility allows, for example, 3 cookies at 1.5mg per cookie to replace one cookie at 5mg. So long as the mg/bag count does not exceed 50mg/bag, we propose to let the potency to vary with the number of cookies per bag. For example, if the cookie tests at 2.5mg, we could put 10 cookies in a bag (25mg), or 20 cookies in a bag (50mg). Alternately, there is no lower limit to the count of servings or overall mg/THC, so long as the THC potency does not exceed 50mg. For example, we can put 3 x 1.5mg cookies in a bag for retail as 1 bag at approximately 5mg, or also put 15 x 1.5mg in a bag for retail as 1 bag at approximately 22.5mg. Servings and potency per serving to be clearly indicated on the packaging, with standard consumption warnings prevailing regardless.

This proposal allows the confining nature of the original packaging plan to probe the market for consumer preference of potencies and combinations of servings per package, to find what packaging is most successful.

Section 3 – Declarations

Read each statement below, and then sign your initials in the corresponding box to the right: Initials

The proposed changes conform to all applicable public health, fire, and safety laws. [CJW]

I understand that any temporary approval granted by the director is pending a final decision by the MCB; therefore, any investment I make, based upon temporary approval, is at my own risk. [CJW]

As a marijuana establishment licensee, I declare under penalty of unsworn falsification that this form, including all accompanying schedules and statements, is true, correct, and complete.

Section 6 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520, 3 AAC 306.525, and 3 AAC 306.560.
Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Larryville Lemon Cookie		
Product Type:	Edible		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	6 months

Product Description: Details must include the color, shape, and texture.	Crunchy texture, approximately 1 1/2 inch oval shape with wavy dot pattern on top. Yellow to light tan in color.
Ingredients: This box is not applicable to marijuana concentrates.	Flour (wheat flour, barley malted flour, niacin, vitamin B3, iron, thiamine, mononitrate, vitamin B1, riboflavin, vitamin B2, folic acid, vitamin B9), Cannabutter, Granulated Sugar, Eggs, Lemon Zest, Lemon Juice, Sunflower Lecithin, Lemon Extract, Salt.
Standard Production Procedure and Detailed Manufacturing Process:	Beat cannabutter and granulated sugar until light. Add eggs, lemon juice, and lemon extract and beat again. In a separate bowl sift together flour, sunflower lecithin, lemon zest, and salt, then add it to the dough and mix until fully incorporated. Chill in refrigerator for at least an hour. Roll the dough into 1 inch ovals and slightly flatten, detent with the tines of a fork. Bake 13 minutes at 350 degrees. Cool. Store at room temperature in airtight container.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	
Received by AMCO 5/29/18

Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.
Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Larryville Lemon Cookie
Product Type:	edible

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	All products are contained in a mylar bag container. Each mylar bag is 4"x6" or 5"x8", and is reclosable. Each mylar bag label shows the company mascot of a rooster at sunrise, and displays "Wakin' Bakery" and the required warning information. Colors may vary from earth tones brown, tan, and gray to yellow and green shades for attractiveness. Batch and expiration information will be affixed to the bag on an additional label applied at time of manufacture. For security and to preserve freshness, cookies are wrapped again within the mylar bag in tear-resistant, clear, heat-sealed packaging which is very difficult to open without a knife or scissors. No mylar bag container will contain more than 50mg of THC. No serving shall exceed the state allowable limit (5mg). Mylar containers will clearly indicate the number of servings and potency per serving within. Servings per package may vary to meet market demands. For example, if each serving has 1.5mg of THC, then 1 - 30 servings per container. If each serving has 2.3mg of THC, then 1 - 20 servings per container. Whatever number of servings per container will be clearly indicated, not to exceed 50mg of THC total with no minimum/maximum serving number restriction or serving limitation.
Sample Labels: Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.	Please see attached sample label.
