Re: Limited Marijuana Cultivation Facility #12805

Dear applicant,

The AMCO Office is reviewing the documents submitted for the proposed marijuana establishment license referenced above. The following items need to be corrected and/or resubmitted.

- **MJ-01 Operating Plan**
  - Page 3, second box: please provide a sample identification badge to be displayed by each licensee, employee, or agent while on the premises that will be issued by the marijuana establishment. The sample badge you provided is for visitors.
  - Page 5, first box: to avoid any confusion, please replace/remove the term "marijuana products". This is an application for a cultivation facility which should not have marijuana products in its inventory.
  - Page 11: to avoid any confusion, please replace/remove the term "marijuana products". This is an application for a cultivation facility which should not have marijuana products in its inventory.
  - Page 12, first box: to make it clearer, will you please make a reference that you understand that the 3-day notice is before the marijuana waste is rendered unusable and disposed of, and that the 3-day notice must be given by email to our enforcement section as Metrc does not allow for it.
  - Page 15: please provide samples of the labels you will be using in compliance with 3 AAC 306.470 & 3 AAC 306.475

- **MJ-02 Premises Diagram**
  - On your operating plan you talk about a fence around the perimeter, and your residence being on the same property, please show that on your diagram.
  - I see the As-Built, however, the MCB likes to see sort of an aerial view of the area that also shows what surrounds the premises. Please provide it.
  - Please provide clearer diagram(s). The graph paper, especially, is hard to read and distinguish, the squares make it hard. Please provide a clear, good diagram that shows the following:
    - Licensed premises (one color)
    - Restricted access areas within the licensed premises (different color)
    - Surveillance room/area

- Camera placement
- Entrance(s)
- Exit(s)
- Very clearly show the areas under cultivation including dimensions
- Dimensions in general
- On MJ-04, page 2, you mention that a majority of the building will not be used in any way as part of the cultivation. Is that shown on the diagram?

- **MJ-04 Cultivation Supplemental**
  - Page 2: please make sure this page, including measurements, is congruent with your diagram(s) submitted with MJ-02.
  - Page 6: please provide samples of the labels you will be using required under 3 AAC 306.470 & 3 AAC 306.475 (this was also mentioned above, under MJ-01, page 15).

- **MJ-08 Local Government Notice Affidavit**
  - Please sign MJ-08 in front of a notary and resubmit.

- **Proof of Possession for Proposed Premises**
  - Please provide a more adequate lease. Such a lease must be legally binding and must include the following:
    - Term of the lease
    - Acknowledgement from the lessor/landlord that the premises will be used as a marijuana establishment
    - A disclaimer that in case of default the landlord will not remove or take possession of marijuana and AMCO enforcement will be contacted.

- **Miscellaneous**
  - Our system shows a standard cultivation application that has not been submitted with the same address as this limited cultivation facility. Were you planning on pursuing that application or can I void it?

If we do not receive your completions within 90 days, per 3 AAC 306.025(f), you must file a new application and pay a new fee.

Respectfully,

Jane Sawyer, Occupational Licensing Examiner
For,
Erika McConnell, Director
